

Last week, the Republicans said no to tapping the Strategic Petroleum Reserve to help lower gas prices immediately. And this week they said no to going after speculation.

Madam Speaker, if House Republicans are serious about helping the American people, they need to stop protecting Big Oil.

PRICE AT THE PUMP IS NOT A HOAX

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Madam Speaker, I rise to express my sincere disappointment with the liberal Democrat leadership of this House.

I think it's important that they realize the price at the pump is not a hoax, it's not a mirage, it is not a bad dream, it is real life. And to my constituents in the Seventh District of Tennessee, they are angry with the price at the pump.

What we are hearing from them is this, Madam Speaker: we can't afford the change the Democrat Congress has wrought. We can't afford the price that they have delivered at the pump. And we definitely cannot afford for the Democrat Congress to vote themselves an adjournment resolution and leave for 5 weeks—5 weeks, while the price at the pump continues to rise, while the price of electric power rises, while home heating oil prices are going to triple.

This is reality. It is real life. And it is what is facing our constituents every single day. Take some of the power you're using to save the planet and use it to address this issue.

ANNOUNCEMENT BY THE ACTING CHAIRMAN

The Acting CHAIRMAN (during the vote). Two minutes remain in this vote.

□ 1012

So the amendment was rejected.

The result of the vote was announced as above recorded.

Mr. ETHERIDGE. Mr. Chairman, I rise in support of H.R. 6599, Military Construction and Veterans Affairs Act, 2009. This legislation builds upon last year's needed increases in military construction and veterans affairs funding, and continues to make our veterans a top priority.

As a veteran, I am pleased that H.R. 6599 provides more support for our veterans. H.R. 6599 includes a total of \$47.7 billion for the Department of Veterans Affairs. \$40.8 billion supports the Veterans Health Administration, VHA, and Veterans Medical Services, which expects to serve over 5.8 million patients next year. To improve access to care for our veterans, H.R. 6599 provides \$200 million for fee-based providers where VHA services are not available. The bill also raises the travel reimbursement rate from 28.5 cents per mile to 41.5 cents per mile to help thousands of rural veterans get care. A continuing backlog at the VA forces our veterans to wait far too long to receive the benefits that they have earned. This bill will enable the VA to hire 1,400 new casework processors. Our veterans are men and women who have answered the call of duty to serve our country, and we have a duty to provide them with the best possible care when they return.

This bill addresses the specific issues that we see affecting our soldiers returning today from Iraq and Afghanistan. H.R. 6599 provides a \$250 million increase to support prosthetics and new prosthetic technology, as well as \$3.8 billion for specialty mental health services and \$584 million for substance abuse programs. This is funding that can help address

the growing incidence of post traumatic stress disorder and traumatic brain injury cases among our returning soldiers.

As the Representative of Fort Bragg, one of the largest United States Army bases in the country, I am pleased that this bill addresses the needs of our military installations. This bill includes \$24 billion for military construction, including an increase of \$300 million for replacing inadequate military housing. Fort Bragg is expanding rapidly, and there are crucial funds in this bill to meet new demands. H.R. 6599 includes over \$21 million for road construction and \$78 million for on-base school constructions, to meet the needs of the influx of people at Fort Bragg. In addition, this bill includes \$1,300,000 that I requested to construct a new mass casualty facility at Womack Army Medical Center for triage and decontamination purposes for the surrounding area. H.R. 6599 provides \$5.6 billion for new military construction and family housing, in line with the "Growing the Force" initiative to increase the size of the Army, Marine Corps and National Guard and Reserve. Finally, I am pleased that there is an increase of \$1.8 billion for the Base Realignment and Closure Act, BRAC, to continue these efforts.

I support H.R. 6599, Military Construction and Veterans Affairs Act, 2009, and I urge my colleagues to join me in voting for its passage.

Mr. RADANOVICH. Mr. Chairman, I rise today to express my support for H.R. 6599, The Military Construction and Veterans Affairs FY09 Appropriations Act. Unfortunately, I was unable to vote on this bill today, however if I had been able to cast my vote I would have supported this measure. I have been a strong and consistent supporter of the military, veterans, and military families and this measure provides much needed funds to assist our brave men and women in uniform.

Mr. KUCINICH. Mr. Chairman, I rise in support of this bill and our Nation's veterans. Their service and sacrifice for our country is honorable and today this body will properly honor them by ensuring greater resources for their care and wellbeing. Congress has responded appropriately by increasing funding by \$2.9 billion above the President's request.

This bill responds to the needs of our returning troops from Iraq and Afghanistan by including \$3.8 billion for mental health resources to provide treatment for post traumatic stress syndrome and traumatic brain injuries. It includes \$300 million above the President's request for maintaining VA medical facilities. Access to these facilities and ensuring their proper upkeep has a positive impact on our communities and is imperative to serving the needs of our veterans. This bill increases enrollment in VA medical care for all veterans, including those on a limited income, by 10 percent. To help veterans in rural areas that must travel to get needed health care, the mileage reimbursement has been increased from 28.5 cents to 41.5 cents.

I therefore support this bill. These improvements to our VA system will have a beneficial impact on our veterans and move our Nation in the direction of providing them with the care they need and deserve.

However, this bill includes funding for military construction projects for military operations in Afghanistan. The Bagram Air Base is the main base for the Combined Forces Air Component Command, CFACC. Funds from this bill will be used to fortify temporary build-

ings, expand refueling capability and build an aircraft maintenance hangar at Bagram. As the U.S. expands and improves military facilities in Afghanistan, the likelihood that our troops will remain in the region increases.

Including these funds, which keep our troops in harms way, in a bill meant to support our veterans is an affront to our Nation's veterans and to the level of transparency our government should maintain.

Mr. HOLT. Mr. Chairman, I rise in support of this bill.

I'm pleased that for the second year in a row, the 110th Congress is providing the funding necessary to meet the housing requirements of our servicemembers and their families, as well as the money needed to care for our veterans.

Let me begin by thanking Chairman EDWARDS for including report language directing the Departments of Defense and Veterans Affairs to develop a plan to care for the veterans and military retirees in my district who would need health care services if Fort Monmouth's Patterson Army Health Clinic were to close in 2011. While I continue to oppose the decision to close Fort Monmouth and will continue to look for ways to reverse it, that decision is, for now, the law of the land. Accordingly, it is necessary to plan for meeting the medical needs of the many veterans and TRICARE beneficiaries in Central New Jersey in the event Fort Monmouth's medical facilities are closed. I'm pleased that the Committee is requiring that a report on how their needs will be met be delivered to Congress no later than January 30, 2009.

Overall, this bill would provide \$40.7 billion for VA health programs, which is \$3.1 billion over the current level. In addition to continuing to focus on providing adequate funding to treat veterans suffering from post-traumatic stress disorder, PTSD, and traumatic brain injury, TBI, this bill would provide \$400 million that was not requested by the President to start enrolling 10 percent of Priority 8 veterans in the VA medical system. The Priority 8 category is reserved for veterans whose injuries currently are not rated as service related and whose incomes are more than \$24,644 if single or \$29,576 for a veteran with a dependent. An estimated one half of all uninsured veterans are Priority 8, and Priority 8 veterans have not been enrolled since 2003 as part of an Administration effort to cut costs.

The bill also includes \$200 million, which was not requested by the President, to improve access to care where Veterans Health Administration, VHA, services are not available. I am hopeful that this will assist both rural veterans seeking care and those living in urban or ex-urban communities that currently lack ready access to a VA community-based outpatient clinic.

The bill would provide \$1.6 billion, \$250 million more than last year, to provide veterans with more technologically advanced prostheses. The VA has a long and generally commendable track record in this area. However, I am pleased the committee recognizes the need for the VA to apply a greater emphasis on harnessing the latest technological breakthroughs to help give our wounded veterans the maximum possible personal mobility.

I am also grateful to the committee for providing \$165 million for grants to States for the construction and renovation of extended care facilities. The President's proposed \$80 million

cut to this account was, frankly, unconscionable. The VA grant program that serves the State-run extended care facilities is critical. Many New Jersey veterans have visited with me over the past several years and described in detail the kinds of air conditioning, heating, and other upgrades that are vital to facilities such as the one in Paramus, New Jersey. I consistently have supported proper funding for this account, and I thank the committee for meeting this important need.

Finally, for our active duty community, this bill would provide \$336 million that President Bush failed to request to continue a quality of life initiative for troops and their families started in the Fiscal Year 2008 Supplemental Appropriations Act, H.R. 2642. The bill includes nearly \$200 million for the Army and Marine Corps to improve the barracks that soldiers and Marines live in when they train. It also includes \$136 million for medical military construction and planning activities to upgrade substandard medical treatment facilities. We have all seen the pictures and heard the stories about substandard living conditions for troops. I am pleased that the committee remains focused on fixing this problem as quickly as possible.

Mr. Chairman, this is a good bill that will help our active duty families and our veterans. I will vote for it and I urge my colleagues to do likewise.

Mrs. CAPITO. Mr. Chairman, per the bill's rule for H.R. 6599 that required preprinting of amendments, I submitted an amendment for consideration. This amendment was drafted incorrectly and therefore I am withdrawing the amendment.

Mr. PAUL. Mr. Chairman, I rise in reluctant opposition to this appropriations legislation. It is unfortunate that my colleagues have decided to combine the necessary appropriations contained in the Veterans Affairs portion of this bill with the bloated and unconstitutional military construction appropriations. In the past I have voted in favor of Veterans Affairs appropriation bills when they were not combined with unwise and wasteful spending of other appropriations like military construction.

This appropriation will allocate \$9.5 billion to close bases in the United States while spending nearly \$12 billion building other facilities overseas. As a matter of fact, any construction of new bases in the United States is prohibited by this bill. While I am not necessarily in favor of building new bases in the United States, we certainly should not be spending money to close existing domestic bases in favor of constructing new bases overseas.

The bill will transfer more than \$200 million to NATO, an organization with no purpose that should be disbanded immediately, for the construction of NATO facilities in countries where we have no business having our military in the first place.

We have been told that we will have no permanent bases in Iraq, but then again we have no "permanent" bases in Korea either even though we have had a military presence there for more than 50 years. It is unclear how much of this \$12 billion will go to building new facilities to maintain an indefinite presence in Iraq, but any such expenditure will be counterproductive to U.S. national interests.

This appropriation increases construction funds to the service branches by as much as 50 percent over current levels, which is financially dangerous and unsustainable particularly in view of next year's record budget deficit.

Mr. Chairman, it is a tragedy that necessary spending to keep promises to American veterans should be held hostage to this out of control spending on maintaining an unnecessary and dangerous U.S. empire overseas. We are doing no favors to today's veterans or to future veterans—or to the U.S. taxpayers—with this appropriations bill.

Ms. EDDIE BERNICE JOHNSON of Texas. Mr. Chairman, the 2009 Military Construction and Veterans Affairs Appropriations bill allocates \$47.7 billion to the Department of Veterans Affairs.

This is \$4.6 billion above 2008 and \$2.9 billion over the President's request, for veterans' medical care, claims processors, and facility improvements.

This bill makes available resources to support military construction projects and ensures America's servicemen and women have more effective training facilities, and better housing, health care and day care facilities.

I would like to take this opportunity to once again commend my colleagues, Congressman EDWARDS and Chairman OBEY for providing a comprehensive Military Construction and Veterans Appropriations for FY 2009 possible.

This Congress has made veterans our No. 1 priority. We understand the needs of our returning heroes and we will ensure that they receive the quality of care they deserve.

Mr. PASCRELL. Mr. Chairman, traumatic brain injury is one of the signature wounds of the wars in Iraq and Afghanistan, and there is much to be accomplished. For the estimated 320,000 soldiers who have sustained a brain injury, the war will not end when the last shots are fired. For this reason, I applaud the committee for its work to make progress in treating veterans with TBI.

As co-chair of the Congressional Brain Injury Task Force, I am proud to say that we have accomplished a lot over the past year in honoring our commitment to soldiers and veterans with brain injuries. The Defense Center of Excellence for Psychological Health and Traumatic Brain Injury opened its doors in November. The FY 2008 Defense Authorization established new TBI programs for rehabilitation, reintegration, research, and civilian-military cooperation. We reauthorized the Traumatic Brain Injury Act in April, establishing new connections between HHS, the Department of Defense, and the VA. And now this month, all soldiers will begin to receive pre-deployment cognitive assessments establishing individual baselines against which each soldier can be properly screened for a brain injury so that they may receive the care that they need and deserve.

In this bill, the committee has recognized the need to improve care for veterans with TBI by fostering cooperation between DOD and VA through joint programs, by improving the ability to track patients diagnosed with TBI, and by encouraging systemic TBI screening for veterans. New research is, however, showing that there is considerable overlap in the occurrence of brain injury and mental health conditions like post-traumatic stress disorder. In fact, the Rand Corp. recently estimated that as many as 27 percent of soldiers with PTSD and depression have also sustained a brain injury.

In light of these disturbing figures, Mr. Chairman, would you be willing to work in the Conference with the Senate on language to recognize the relationship between and co-oc-

currence of TBI and PTSD among our armed services?

I want to thank the gentleman from Texas and his staff for working so hard on this legislation and making a commitment to our injured veterans. Our soldiers have fulfilled their duties bravely and honorably, and they deserve nothing less than treatment and care that is commensurate with the heroic deeds they have undertaken.

The Acting CHAIRMAN. The Clerk will read.

The Clerk read as follows:

This Act may be cited as the "Military Construction and Veterans Affairs Appropriations Act, 2009".

Mr. EDWARDS of Texas. Mr. Chairman, I move that the Committee do now rise and report the bill back to the House with sundry amendments, with the recommendation that the amendments be agreed to and that the bill, as amended, do pass.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WEINER) having assumed the chair, Mr. LYNCH, Acting Chairman of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 6599) making appropriations for military construction, the Department of Veterans Affairs, and related agencies for the fiscal year ending September 30, 2009, and for other purposes, he reported the bill back to the House with sundry amendments adopted in the Committee of the Whole, with the recommendation that the amendments be agreed to and that the bill, as amended, do pass.

The SPEAKER pro tempore. Under House Resolution 1384, the previous question is ordered.

Is a separate vote demanded on any amendment reported from the Committee of the Whole? If not, the Chair will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mr. LEWIS of California. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentleman opposed to the bill?

Mr. LEWIS of California. I am in its present form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mr. Lewis of California moves to recommit the bill H.R. 6599 to the Committee on Appropriations with instructions to report the same back to the House forthwith with the following amendment:

At the end of the bill (before the short title), insert the following:

SEC. _____. There is hereby enacted into law H.R. 6566 of the 110th Congress (the American Energy Act) as introduced on July 22, 2008.

Mr. EDWARDS of Texas. Mr. Speaker, I reserve a point of order on the gentleman's motion.

The SPEAKER pro tempore. The gentleman reserves a point of order.

The gentleman from California is recognized for 5 minutes.

□ 1015

Mr. LEWIS of California. Mr. Speaker, I rise today with a motion to recommit. But I want to say first to my colleagues that one of the reasons for my rising with this motion is because there seems to be a good deal of confusion on the part of at least my constituency, and my colleagues' families and constituents at home may have the same kind of confusion.

It seems that my people believe that this President does want to lead to a comprehensive energy independence policy that would include the availability to States to drill off their continental shelf, et cetera, to give us an adequate supply of oil to assure our energy independence. And yet those same people believe that it is the President's Congress that is holding up such action. That is, many of them believe that the Congress, the House and the Senate, are controlled by his party. But that is not the case, and our people are confused. The Congress is controlled by the other party who are resisting those proposals that involve the ability to drill off the Outer Continental Shelf, to tap into shale, to develop a comprehensive policy that will lead to energy independence. My people are absolutely dying at the gas pump. Our small businesses are doing the same.

So I have a motion to recommit, Mr. Speaker, with the term, I might add, "promptly" in it to allow us to act immediately—I misread it. It is not promptly, it is "forthwith." So it would be implemented immediately. I did that because my colleagues on the other side have been complaining about the word "promptly." We want you to be able to act very quickly, not just strike this on a point of order, but allow the people's voices to be heard. Because I can tell you, when you go home, you are going to hear them if you strike this on a point of order. So back to the point, Mr. Speaker.

This motion would enact the American Energy Act, a comprehensive solution to the energy crisis that is causing families to pay \$4 per gallon for gasoline. Adoption of this motion will increase the supply of American-made energy and will relieve those families, those businesses, and my constituents at the gas pump. It will improve conservation efficiency, it will promote new and expanded technologies. Most of all, it will reduce America's increasingly costly and dangerous dependence on foreign sources of energy.

The minute we send them a message that we are serious about home supply, prices will crash. I can guarantee you that.

We need to consider all solutions to achieve energy independence. I hope that as we prepare to head back to our districts for the month of August, we

can go back to our constituents with the good news: We did something; rather than what this Congress has been doing in the past—nothing.

I urge support for this motion to recommit.

I yield time to my leader from Ohio, Mr. JOHN BOEHNER, the Republican leader.

Mr. BOEHNER. Let me thank my colleague for yielding.

Listen, America's families and small businesses are suffering under the high cost of energy and the high cost of gasoline. High gasoline prices are crushing American families, they are hurting our schools, they are hurting seniors, and they are destroying jobs in America; and the American people expect us to do something about it. And over these last 10 weeks, what have we done? Nothing.

The gentleman's amendment offers the American Energy Plan, which is a comprehensive plan to encourage more conservation, more biofuels, alternative sources of energy, and, yes, more American-grown oil and gas. And all we're asking of the majority Democrats in this chamber is to allow us to vote. That's all we're asking. We're not asking you to vote for it. All we're doing is, allow us a vote. Let the American people decide.

Mr. LEWIS of California. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Does the gentleman from Texas insist upon his point of order?

Mr. EDWARDS of Texas. Yes, I do.

The SPEAKER pro tempore. The gentleman will state his point of order.

Mr. EDWARDS of Texas. Mr. Speaker, I would like to rise in opposition first.

The SPEAKER pro tempore. The gentleman continues to reserve his point of order.

The gentleman is recognized for 5 minutes.

Mr. EDWARDS of Texas. Mr. Speaker, we believe attaching nongermane amendments to this critical veterans' bill could jeopardize its passage by unnecessarily delaying it or even grinding debate completely to a halt. This is unacceptable. My colleagues, those aren't my words. Those are the words of the Veterans of Foreign Wars.

Let me agree with my distinguished colleague. And let me say, last night at about midnight I told this chamber that Mr. LEWIS has been one of the champions throughout his public service career on behalf of our veterans and our troops. I meant it when I said it then, and I mean it when I say it again now.

But let me say, having said that, no one is perfect. And on this motion, I think Mr. LEWIS is wrong. Seriously wrong.

I do agree with this point he made just a moment ago; there may be confusion on this bill. There may be, so let me clear up the confusion.

This is the 2009 fiscal year Military Construction and Veterans Affairs ap-

propriations bill. If there is any confusion as to whether this is the 2009 fiscal year energy bill, get that out of your minds right now.

This is a bill designed for the deadly serious purpose of honoring our veterans. Millions of them have put on our Nation's uniform and gone into harm's way in defense of your family and my family and the American family. This bill is deadly serious, because it provides training facilities and barracks for young men and women who are willing to go to Iraq and Afghanistan to answer their Nation's call of duty.

By making this motion, the gentleman knows, were it to pass, even though he knows also that it is nongermane, it would complicate this bill, it would slow down this bill, it could well kill this bill because of the honest differences on the energy issue.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. All Members are reminded that they may engage in debate only when recognized by the Chair or yielded to.

Mr. EDWARDS of Texas. Mr. Speaker, if my colleagues don't want to listen to my words, let me offer them some other people's words.

"It is imperative this bill is not delayed by unrelated and unnecessary amendments." That came from AMVETS.

How about what the Disabled American Veterans said about this kind of measure. They said, "This bill provides the means to serve and care for sick and disabled veterans, provide housing facilities for military families, and to fund the activities of several other agencies that affect veterans, a most generous and necessary act." They have gone on to say they do not want delay on this important bill.

Mr. LEWIS of California. Would the gentleman yield?

Mr. EDWARDS of Texas. I would like to finish my remarks. I respected the gentleman's right to his remarks.

Let me go to another statement made by the Disabled American Veterans. They say, "It is our strongest recommendation that this bill be unfettered with nongermane amendments."

My colleagues, we have a very simple choice at this moment. We can choose to stand with the Republican leadership that chose to add this partisan motion at the end of a long bipartisan process; or we can stand with millions of American veterans, as represented by the statements against this very kind of motion, by the Veterans of Foreign Wars, the Disabled American Veterans, and the AMVETS.

I don't know about some of my colleagues on the Republican side of the aisle, but as for me, that's an easy choice. I'm going to stand with America's veterans. I'm going to stand with our troops in harm's way who deserve the funding in this bill as soon as possible.

Mr. LEWIS of California. Would the gentleman yield?

Mr. EDWARDS of Texas. Out of respect to the gentleman, I will yield.

Mr. LEWIS of California. I consider that to be a great courtesy for your yielding.

I know that you know that I am the Member who carried the amendment that increased the mileage reimbursement for the veterans that is in this bill. I do know they had that problem, because all those veterans who you mentioned in those quotes are the same ones that are also paying \$4 a gallon. They would love to have this bill reduce that burden.

Mr. EDWARDS of Texas. Reclaiming my time, Mr. Speaker, I think the views of the Disabled American Veterans, the VFW and the AMVETS are very clear. They didn't say they strongly oppose this kind of a motion; they vehemently oppose it, because it could harm millions of America's veterans.

So make your choice. You can choose to stick with the Republican leadership on a clearly partisan nongermane motion, or you can stand up for America's veterans.

The SPEAKER pro tempore. The time of the gentleman has expired.

POINT OF ORDER

Mr. EDWARDS of Texas. Mr. Speaker, I make a point of order against the motion to recommit with instructions, because it includes legislation and is not in order under clause 2 of rule XXI.

Mr. Speaker, the gentleman's motion to instruct proposes legislation in an appropriations bill and would not be in order in the Committee of the Whole pursuant to clause 2 of rule XXI. I ask for a ruling from the Chair.

The SPEAKER pro tempore. The gentleman raises a point of order. Does any Member seek to be heard on the point of order? Hearing none, the Chair is prepared to rule.

The gentleman from Texas makes a point of order that the instructions in the motion to recommit constitute legislation in violation of clause 2 of rule XXI.

The Chair finds that the instructions propose the enactment of legislation directly amending existing law.

The instructions therefore constitute legislation in violation of clause 2 of rule XXI.

The point of order is sustained and the motion is not in order.

Mr. PETERSON of Pennsylvania. Mr. Speaker, I appeal the ruling of the Chair.

The SPEAKER pro tempore. The question is, Shall the decision of the Chair stand as the judgment of the House?

MOTION TO TABLE

Mr. EDWARDS of Texas. Mr. Speaker, I move to table the appeal of the ruling of the Chair.

The SPEAKER pro tempore. The question is on the motion to table.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

RECORDED VOTE

Mr. PETERSON of Pennsylvania. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 15-minute vote on the motion to table will be followed by 5-minute votes on passage of H.R. 6599, if arising without further debate or proceedings in recommitment; motion to suspend the rules on H. Res. 1008; and motion to suspend the rules on H. Res. 1316.

The vote was taken by electronic device, and there were—ayes 230, noes 184, not voting 20, as follows:
