#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Ms. MIKULSKI (for herself, Mr. BOND, Mr. LEVIN, and Ms. STABENOW):

S. 3684. A bill to amend the Internal Revenue Code of 1986 to allow an above-the-line deduction against individual income tax for interest in indebtedness and for State sales and excise taxes with respect to the purchase of certain motor vehicles; to the Committee on Finance.

Ms. MIKULSKI. Mr. President, our economy is in shambles. People are los-

ing their jobs, they are losing their life savings, and they are losing their homes. Congress must act and we must act now.

I agree with the Senator from Pennsylvania, Mr. SPECTER, that this session of the Congress and this session of the Senate should not be called a lame-duck. We should neither be lame nor should we duck the big issue facing our country. We have helped out. If you look at what we have done already—well, we have already done a bailout. We helped the sharks and we helped the whales. Now it is time to help the minnows, the little guy and gal, the American consumer.

I have that solution. Today, I introduce legislation, cosponsored by my colleague from Missouri, to save jobs in the American automobile industry, to help consumers, and get our economy back on track. It is simple, it is straightforward, and it is bipartisan. It is also timely and temporary.

My bill would save jobs. What is it that I want to do? I want to stimulate demand in the automobile industry so people actually come into showrooms and buy cars, minivans, or light trucks. Why is this a good idea? Actually, if you buy a car, someone has to make it, someone has to sell it, someone has to service it, and someone has to provide administrative services. This is good for manufacturers, the dealers, and the suppliers. It could save considerable jobs in the auto industry.

My bill is not about bailouts. It is about jobs, jobs, jobs. Six million jobs are at stake in the American car industry. One out of ten jobs in America relies on the auto industry. Right now, the facts are gloomy. Sales are down. The auto industry has already cut over 100,000 jobs. The 30,000 American dealerships in this country are at risk of losing 37,000 jobs. We cannot let this happen. We cannot let the American automobile industry implode.

I believe we can help by getting the consumers into the showroom, have them feel that Government is on their side in helping them with one of the biggest purchases during this tough time.

What does this amendment do? My bill is simple. If you buy a passenger car, minivan, or light truck between November 12 of this year and December 31 of 2009, you will get a tax deduction for your sales or excise tax and the interest on your loan. Families can save anywhere from \$2,000 to \$5,000 by the Mikulski-Bond bill.

This is a big deal because, next to the purchase of your home, the purchase of your automobile is your next big ticket.

It is targeted. I cap it at families with an income of over \$250,000 a year. It focuses on the middle-income and the middle-class family cars. It is also timely because we need to know that the biggest 6-week period for automobile sales is between Thanksgiving and New Year's Eve. They sell other cars during 6-week periods, but between Thanksgiving and New Year's
