#### SUPPLEMENTARY INFORMATION:

##### Background

Chapter 52 of the Internal Revenue Code of 1986 (IRC) pertains to the Federal excise tax on tobacco products and cigarette papers and tubes. Section 5701 of the IRC (26 U.S.C. 5701) imposes a tax on such products manufactured in, or imported into, the United States. Section 7652(a) of the IRC (26 U.S.C. 7652(a)) imposes the same tax, with certain exceptions not pertinent here, on articles of merchandise of Puerto Rican manufacture coming into the United States and withdrawn for consumption or sale. The Alcohol and Tobacco Tax and Trade Bureau (TTB) is responsible for administering the provisions of chapter 52 and section 7652(a) of the IRC as they pertain to the tax on tobacco products and cigarette papers and tubes, including promulgating regulations concerning payment and collection of the tax and other requirements that protect the revenue. Prior to January 24, 2003, our predecessor agency, the Bureau of Alcohol, Tobacco and Firearms (ATF) administered these regulations.

On March 8, 2001, ATF published in the **Federal Register** (66 FR 13849) a temporary rule, T.D. ATF–444, amending the regulations in 27 CFR part 275 to eliminate certain regulatory requirements related to the shipment of tobacco products and cigarette papers and tubes of Puerto Rican manufacture

from Puerto Rico to the United States. Specifically, ATF amended §§ 275.105, 275.106, 275.110, and 275.111 to eliminate the requirement that persons who ship tobacco products and cigarette papers and tubes of Puerto Rican manufacture from Puerto Rico to the United States notify ATF prior to the shipment, and to eliminate the requirements that an ATF officer: (1) inspect each shipment of such articles; (2) certify that the amount of tax on the articles has been calculated correctly; and (3) release each shipment. The amended regulations set forth recordkeeping requirements in place of the former processes of notification, physical inspection, certification, and release. Under the temporary rule, persons who ship Puerto Rican tobacco products and cigarette papers and tubes to the United States must keep and maintain records to show that the amount of tax is correctly calculated, paid (where applicable), and recorded for audit and examination purposes.

The temporary rule amendments to §§ 275.106, 275.110, and 275.111 also eliminated the requirements for the completion of four specific forms. Two forms, ATF forms 2987 (5210.8) and 3075 (5200.9), were required to be submitted to ATF by the company shipping the products to the United States, and contained information readily available from common commercial records. The elimination of these forms was intended to relieve the taxpayer of a duplicative recordkeeping requirement. The other two forms, ATF forms 2989 and 3074 (5200.6), were certificates which were prepared by ATF officers and affixed to the outside
