

§ 300.65 Catch sharing plan and domestic management measures in waters in and off Alaska.

* * * * *

(d) *Charter vessels in Area 2C and Area 3A—(1) General requirements—(i) Logbook submission.* Alaska Department of Fish and Game Saltwater Sport Fishing Charter Trip Logbook data sheets must be submitted to the appropriate Alaska Department of Fish and Game office according to the time schedule printed in the instructions at the beginning of the logbook.

(ii) The charter vessel guide is responsible for complying with the reporting requirements of this paragraph (d). The employer of the charter vessel guide is responsible for ensuring that the charter vessel guide complies with the reporting requirements of this paragraph (d).

(2) *Charter vessels in Area 2C—(i) Daily bag limit.* The number of halibut caught and retained by each charter vessel angler in Area 2C is limited to no more than one halibut per calendar day.

(ii) *Charter vessel guide and crew restriction.* A charter vessel guide, a charter vessel operator, and any crew member of a charter vessel must not catch and retain halibut during a charter fishing trip.

(iii) *Line limit.* The number of lines used to fish for halibut must not exceed six or the number of charter vessel anglers onboard the charter vessel, whichever is less.

(iv) *Recordkeeping and reporting requirements in Area 2C.* Each charter vessel angler and charter vessel guide onboard a charter vessel in Area 2C must comply with the following recordkeeping and reporting requirements (see paragraphs (d)(2)(iv)(A) and (B) of this section):

(A) *Charter vessel angler signature requirement.* At the end of a charter vessel fishing trip, each charter vessel angler who retains halibut caught in Area 2C must acknowledge that his or her information and the number of halibut retained (kept) are recorded correctly by signing the back of the Alaska Department of Fish and Game Saltwater Sport Fishing Charter Trip Logbook data sheet on the line number that corresponds to the angler's information on the front of the logbook data sheet.

(B) *Charter vessel guide requirements.* For each charter vessel fishing trip in Area 2C, the charter vessel guide onboard the charter vessel is required to record the following information (see paragraphs (d)(2)(iv)(B)(1) through (8) of this section) in the Alaska Department of Fish and Game Saltwater Sport Fishing Charter Trip Logbook:

(1) *Business owner license number.*

The sport fishing operator business license number issued by the Alaska Department of Fish and Game to the charter vessel guide or the charter vessel guide's employer.

(2) *Guide license number.* The Alaska Department of Fish and Game sport fishing guide license number held by charter vessel guide who certified the logbook data sheet.

(3) *Date.* Month and day for each charter vessel fishing trip taken. A separate logbook data sheet is required for each charter vessel fishing trip if two or more trips were taken on the same day. A separate logbook data sheet is required for each calendar day that halibut are caught and retained during a multi-day trip.

(4) *Regulatory area fished.* Circle the regulatory area (Area 2C or Area 3A) where halibut were caught and retained during each charter vessel fishing trip. If halibut were caught and retained in Area 2C and Area 3A during the same charter vessel fishing trip, then a separate logbook data sheet must be used to record halibut caught and retained for each regulatory area.

(5) *Angler sport fishing license number and printed name.* Before a charter vessel fishing trip begins, record for each charter vessel angler the Alaska Sport Fishing License number for the current year, resident permanent license number, or disabled veteran license number, and print the name of each paying and nonpaying charter vessel angler onboard that will fish for halibut. Record the name of each youth angler under 16 years of age.

(6) *Number of halibut retained.* For each charter vessel angler, record the number of halibut caught and retained during the charter vessel fishing trip.

(7) *Signature.* At the end of a charter vessel fishing trip, acknowledge that the recorded information is correct by signing the logbook data sheet.

(8) *Angler signature.* The charter vessel guide is responsible for ensuring that anglers comply with the signature requirements at paragraph (d)(2)(iv)(A) of this section.

(3) *Charter vessels in Area 3A.* For each charter vessel fishing trip in Area 3A, the charter vessel guide onboard the charter vessel is required to record the regulatory area (Area 2C or Area 3A) where halibut were caught and kept by circling the appropriate area in the Alaska Department of Fish and Game Saltwater Sport Fishing Charter Trip Logbook. If halibut were caught and retained in Area 2C and Area 3A during the same charter vessel fishing trip, then a separate logbook data sheet must be

used to record halibut caught and retained for each regulatory area.

■ 6. In § 300.66, revise paragraph (m) and add paragraphs (n), (o), and (p) to read as follows:

§ 300.66 Prohibitions.

* * * * *

(m) Exceed any of the harvest or gear limitations specified at § 300.65(d).

(n) Fail to comply with the requirements at § 300.65(d).

(o) Fail to submit or submit inaccurate information on any report, license, catch card, application or statement required under § 300.65.

(p) Refuse to present any identification card, U.S. Coast Guard operator's license, permit, license, or Alaska Department of Fish and Game Saltwater Sport Fishing Charter Trip logbook upon the request of an authorized officer.

[Docket No. 071106673–8011–02]

RIN 0648–X114

Fisheries of the Exclusive Economic Zone Off Alaska; Yellowfin Sole by Vessels Participating in the Amendment 80 Limited Access Fishery in Bycatch Limitation Zone 1 of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for yellowfin sole by vessels participating in the Amendment 80 limited access fishery in Bycatch Limitation Zone 1 (Zone 1) of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2008 bycatch allowance of red king crab in Zone 1 specified for the trawl yellowfin sole fishery category by vessels participating in the Amendment 80 limited access fishery in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), May 22, 2008, through 2400 hrs, A.l.t., December 31, 2008.

FOR FURTHER INFORMATION CONTACT:

Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2008 bycatch allowance of red king crab in Zone 1 specified for the trawl yellowfin sole fishery category by vessels participating in the Amendment 80 limited access fishery for the yellowfin sole fishery category in the BSAI is 6,100 animals as established by the 2008 and 2009 final harvest specifications for groundfish in the BSAI (73 FR 10160, February 26, 2008).

In accordance with § 679.21(e)(7)(ii), the Administrator, Alaska Region, NMFS, has determined that the 2008

bycatch allowance of red king crab specified for the trawl yellowfin sole fishery category by vessels participating in the Amendment 80 limited access fishery in Zone 1 of the BSAI will be caught. Consequently, NMFS is prohibiting directed fishing for yellowfin sole by vessels participating in the Amendment 80 limited access fishery in Zone 1 of the BSAI.

After the effective date of this closure the maximum retainable amounts at § 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from

responding to the most recent fisheries data in a timely fashion and would delay the closure of directed fishing for yellowfin sole by vessels participating in the Amendment 80 limited access fishery in Zone 1 of the BSAI. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of May 21, 2008.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 22, 2008.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
