

information and recommendation submitted by the Committee and other available information, it is hereby found that this rule, as hereinafter set forth, will tend to effectuate the declared policy of the Act.

It is further found that good cause exists for not postponing the effective date of this rule until 30 days after publication in the **Federal Register** (5 U.S.C. 553) because handlers are already being billed for assessments and this rule will allow an additional 30 days to remit assessment payments. Further, handlers are aware of this rule, which was recommended at a public meeting. Also, a 15-day comment period was provided for in the proposed rule.

Conforming Changes to Certain End-User/End-Use Based Controls in the EAR; Clarification of the Term “Transfer” and Related Terms as Used in the EAR; Correction

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Correcting amendment.

SUMMARY: The Bureau of Industry and Security (BIS) published a final rule in the **Federal Register** on Tuesday, November 18, 2008 (73 FR 68321) that amended the Export Administration Regulations (EAR) to, among other things, clarify that the terms “transferred” and “transfer”, in the context of two sections of the EAR, meant “assigned to” and “assignment”, respectively. That final rule contained one inadvertent error in the amendatory instruction used for revising one of those two sections. This error in the amendatory instruction led to one sentence of the revised regulatory text to not be revised as was intended in the regulatory text of that final rule. This document corrects that amendatory instruction error by revising that one sentence from that section.

DATES: *Effective Date:* This rule is effective: December 8, 2008.

SUPPLEMENTARY INFORMATION:

Background

On November 18, 2008, the final rule, Conforming Changes to Certain End-User/End-Use Based Controls in the EAR; Clarification of the Term “Transfer” and Related Terms as Used in the EAR was published in the **Federal Register** (73 FR 68321). The amendments in that rule included a revision to paragraph (b)(4)(viii) in Section 760.1 (Definitions). The November 18 rule intended to revise the first three sentences of paragraph (b)(4)(viii), but because of an inadvertent error in the amendatory instruction the third sentence of that paragraph was not revised as was intended in the regulatory text of that final rule. This rule corrects that amendatory instruction error by revising the third sentence of paragraph (b)(4)(viii).

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were on dock for loading, on lighter, laden aboard an exporting or reexporting carrier, or en route aboard a carrier to a port of export or reexport, on November 18, 2008, pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR) so long as they are exported or reexported before December 30, 2008. Any such items not actually exported or reexported before midnight, on December 30, 2008, require a license in accordance with this rule.

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as extended by the Notice of July 23, 2008, 73 FR 43603 (July 25, 2008), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act.

Rulemaking Requirements

1. This final rule has been determined to be not significant for purposes of E.O. 12866.

2. Notwithstanding any other provision of law, no person is required

to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid Office of Management and Budget Control Number. This final rule involves a collection of information subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*). This collection has been approved by the Office of Management and Budget under control number 0694-0088, "Multi-Purpose Application," which carries a burden hour estimate of 58 minutes for a manual or electronic submission. This final rule is expected to have a minimal increase on the total number of license applications submitted to BIS. Send comments regarding these burden estimates or any other aspect of these collections of information, including suggestions for reducing the burden, to Jasmeet Sehra, Office of Management and Budget (OMB), and to the Regulatory Policy Division, Bureau of Industry and Security as indicated in the **ADDRESSES** section of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined under E.O. 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this regulation involves a military and foreign affairs function of the United States (5 U.S.C. 553(a)(1)). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under the Administrative Procedure Act or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, this regulation is issued in final form. Although the formal comment period closed on June 17, 2008, public comments on this regulation are welcome on a continuing basis. Comments should be submitted to one of the addresses listed in the **ADDRESSES** section of the preamble of this final rule.

SUPPLEMENTARY INFORMATION: FDA periodically issues regulations requiring changes in the labeling of food. If the effective dates of these labeling changes were not coordinated, the cumulative economic impact on the food industry of having to respond separately to each change would be substantial. Therefore, the agency periodically has announced uniform compliance dates for new food labeling requirements (see, e.g., the **Federal Registers** of October 19, 1984
