

252.225-7044 Balance of Payments Program—Construction Material.

As prescribed in 225.7503(a)(1), use the following clause:

* * * * *

ALTERNATE I (DEC 2010)

As prescribed in 225.7503(a)(2), add the following definitions to paragraph (a) and replace the phrase “domestic construction material” in the second sentence of paragraph (b) with the phrase “domestic construction material or SC/CASA state construction material.”

“South Caucasus/Central and South Asian (SC/CASA) state” means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

“SC/CASA state construction material” means construction material that—

(i) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

■ 18. Amend section 252.225-7045 by revising the introductory text; revising Alternate I; and adding Alternate II and Alternate III at the end of the section to read as follows:

252.225-7045 Balance of Payments Program—Construction Material Under Trade Agreements.

As prescribed in 225.7503(b)(1), use the following clause:

* * * * *

ALTERNATE I (DEC 2010)

As prescribed in 225.7503(b)(2), add the following definition of “Bahrainian or Mexican construction material” to paragraph (a) of the basic clause, and substitute the following paragraphs (b) and (c) for paragraphs (b) and (c) of the basic clause:

Bahrainian or Mexican construction material means a construction material that—

(1) Is wholly the growth, product, or manufacture of Bahrain or Mexico; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in Bahrain or Mexico into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and all Free Trade Agreements except NAFTA and the Bahrain Free Trade Agreement apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction material other than Bahrainian or Mexican construction material.

(c) The Contractor shall use only domestic or designated country construction material other than Bahrainian or Mexican construction material in performing this contract, except for—

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation; or

(2) Information technology that is a commercial item; or

(3) The construction material or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate “none”].

ALTERNATE II (DEC 2010)

As prescribed in 225.7503(b)(3), add the following definitions to paragraph (a); substitute the following paragraph (b) and the introductory text of paragraph (c) for paragraph (b) and the introductory text of paragraph (c) of the basic clause; and add the following paragraph (d):

South Caucasus/Central and South Asian (SC/CASA) state means Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

SC/CASA state construction material means construction material that—

(i) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, Free Trade Agreements, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction materials.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material in performing this contract, except for—

(d) The Contractor shall inform its government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

ALTERNATE III (DEC 2010)

As prescribed in 225.7503(b)(4), add the following definitions to paragraph (a); substitute the following paragraph (b) and the introductory text of paragraph (c) for paragraph (b) and the introductory text of paragraph (c) of the basic clause; and add the following paragraph (d):

South Caucasus/Central and South Asian (SC/CASA) state means Armenia, Azerbaijan,

Georgia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan, Turkmenistan, or Uzbekistan.

SC/CASA state construction material means construction material that—

(i) Is wholly the growth, product, or manufacture of an SC/CASA state; or

(ii) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in an SC/CASA state into a new and different construction material distinct from the material from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA, all Free Trade Agreements except NAFTA and the Bahrain Free Trade Agreement, and other waivers relating to acquisitions in support of operations in Afghanistan apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for SC/CASA state and designated country construction material other than Bahrainian or Mexican construction material.

(c) The Contractor shall use only domestic, SC/CASA state, or designated country construction material other than Bahrainian or Mexican construction material in performing this contract, except for—

(d) The Contractor shall inform its Government of its participation in this acquisition and that it generally will not have such opportunity in the future unless its Government provides reciprocal procurement opportunities to U.S. products and services and suppliers of such products and services.

BILLING CODE 5001-08-N

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 101006495-0498-01]

RIN 0648-BA31

Fisheries of the Exclusive Economic Zone Off Alaska; Steller Sea Lion Protection Measures for the Bering Sea and Aleutian Islands Groundfish Fisheries Off Alaska; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Correction to interim final rule.

SUMMARY: This document contains corrections to the interim final rule pertaining to Fisheries of the Exclusive Economic Zone Off Alaska; Steller Sea Lion Protection Measures for the Bering Sea and Aleutian Islands Groundfish Fisheries Off Alaska published on December 13, 2010. These corrections

amend one error in the preamble to the interim final rule and one typographical error and content within regulatory tables to eliminate potential confusion by the public.

DATES: Effective January 1, 2011.

FOR FURTHER INFORMATION CONTACT: Melanie Brown, 907-586-7228.

SUPPLEMENTARY INFORMATION:

Background

An interim final rule was published in the **Federal Register** on December 13, 2010 (75 FR 77535), to implement Steller sea lion protection measures to ensure that the Bering Sea and Aleutian Islands management area (BSAI) groundfish fisheries off Alaska are not likely to jeopardize the continued existence of the western distinct population segment of Steller sea lions or adversely modify its designated critical habitat. NMFS is correcting errors identified in the preamble to the interim final rule and the regulatory text.

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause pursuant to 5 U.S.C. 553(b)(B) to waive prior notice and the opportunity for public comment because it would be impracticable and contrary to the public interest. These errors should be corrected immediately to eliminate potential confusion by the regulated public. If the effective date for these corrections is delayed to solicit prior public comment, these technical errors will not be corrected by the effective date of this final rule, thereby undermining the conservation and management objectives of the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area. Good cause to waive prior notice and the opportunity for public comment for the interim final rule corrected by this action can be found in 75 FR 77535 (December 13, 2010).

The AA further finds, pursuant to 5 U.S.C 553(d)(3), good cause to waive the

thirty (30) day delayed effectiveness period for the reasons stated above.

Summary of Errors

NMFS is correcting errors and is not making substantive changes to the interim final rule published on December 13, 2010 (75 FR 77535). The corrections to Tables 5, 6, and 12 to 50 CFR part 679 are listed below. These corrections revise coordinates for Steller sea lion sites, revise footnotes, add degree symbols, add lines between rows, and remove a 3-nm groundfish fishing closure in Table 12 to 50 CFR part 679, which was erroneously added by the interim final rule.

On page 77547, in Table 5 to part 679, seventh row (Great Sitkin I.), third column, we are replacing value "52 06.00 N" to read "52 06.60 N"; in the fourth column we are replacing value "176 10.50 W" to read "176 07.00 W", and in the fifth column we are replacing value "52 06.60 N" to read "52 07.00 N".

On page 77550, in Table 5 to part 679, first row (Bird I.), fourth column, we are replacing value "163 17.2 W" to read "163 17.15 W"; in the third row (South Rocks), fourth column, we are replacing value "162 41.3 W" to read "162 41.25 W"; in the fourth row (Clubbing Rocks (S)), fourth column, we are replacing value "162 26.7 W" to read "162 26.74 W"; and in the fifth row (Clubbing Rocks (N)), fourth column, we are replacing value "162 26.7 W" to read "162 26.72 W".

On page 77552, in Table 5 to part 679, fourth row (Ushagat I./SW), third column, we are replacing value "58 54.75" to read "58 54.75 N".

On page 77553, in Table 5 to part 679, third row (Rugged Island), we are adding value in the fifth column to read "59 51.00 N" and adding value in the sixth column to read "149 24.70 W".

On page 77557, in Table 6 to part 679, footnote 6(a), we are replacing "0 nm" to read "0 nm".

On page 77557, in Table 6 to part 679, footnote 7, we are replacing the second subparagraph "(a)" to read "(b)".

On page 77558, in Table 12 to part 679, we are removing the sixteenth row (Tanaga I./Bumpy Pt.).

On page 77559, in Table 12 to part 679, fourteenth row (Clubbing Rocks (S)), fourth column, we are replacing value "162 26.7 W" to read "162 26.74 W"; and, in the fifteenth row (Clubbing Rocks (N)), fourth column, we are replacing value "162 26.7 W" to read "162 26.72 W".

On page 77560, in Table 12 to part 679, second row (Choweit I.), fifth column, we are replacing value "55 00.30 N" to read "56 00.30 N".

In addition to these regulatory corrections, we are correcting a statement in the preamble to the interim final rule (74 FR 77535, December 13, 2010) that incorrectly referenced existing Pacific cod trawl seasons. On page 77539, in the second column, correct the last sentence to read:

"Waters that are 10 nm to 20 nm from Steller sea lion sites and that occur in this one degree longitude area are closed to directed fishing for Pacific cod with trawl gear in the C season (June 10, 1200 hours, A.l.t., to November 1, 1200 hours, A.l.t.), but are open during the A and B seasons."

List of Subjects in 50 CFR Part 679

Alaska, Fisheries, Reporting and recordkeeping requirements.

Dated: December 22, 2010.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

Correction

■ Accordingly, the interim final rule, FR Doc. 2010-31226, published on December 13, 2010 (75 FR 77535), to be effective January 1, 2011, is corrected as follows:

§ 679.20 [Corrected]

- 1. In § 679.20, on page 77543, third column, instruction 5, first line, correct "§ 79.20" to read "§ 679.20".
- 2. In 50 CFR part 679, on pages 77545 through 77560, correctly revise Tables 5, 6, and 12 to read as follows:

¹Where two sets of coordinates are given, the baseline extends in a clock-wise direction from the first set of geographic coordinates along the shoreline at mean lower-low water to the second set of coordinates. Where only one set of coordinates is listed, that location is the base point.

²Closures as stated in 50 CFR 679.22(a)(7)(v), (a)(8)(iv) and (b)(2)(iii).

³No-fishing zones are the waters between 0 nm and the nm specified in columns 7, 8, and 9 around each site and within the Bogoslof area (BA) and the Segouam Foraging Area (SFA).

⁴Some or all of the restricted area is located in the SFA which is closed to all gear types. The SFA is established as all waters within the area between 52°N lat. and 53°N lat. and between 173°30' W long. and 172°30' W long.

⁵This site lies within the BA which is closed to all gear types. The BA consists of all waters of area 518 as described in Figure 1 of this part south of a straight line connecting 55°00'N/170°00'W, and 55°00' N/168° 1'4.75" W.

⁶Hook-and-line no-fishing zones apply only to vessels greater than or equal to 60 feet LOA in waters east of 167° W long. For Bishop Point the 10 nm closure west of 167° W. long. applies to all hook and line and jig vessels.

⁷The trawl closure between 0 nm to 10 nm is effective from January 20, 1200 hours, A.I.t., through November 1, 1200 hours, A.I.t. Trawl closure between 0 nm to 3 nm is effective from September 1, 1200 hours, A.I.t., through November 1, 1200 hours, A.I.t.

⁸The trawl closure between 0 nm to 15 nm is effective from January 20, 1200 hours, A.I.t., to June 10, 1200 hours, A.I.t. Trawl closure between 0 nm to 20 nm is effective from September 1, 1200 hours, A.I.t., through November 1, 1200 hours, A.I.t.

⁹Restriction area includes only waters of the Gulf of Alaska Area.

¹⁰Contact the Alaska Department of Fish and Game for fishery restrictions at these sites.

¹¹The 20 nm closure around this site is effective only in waters outside of the State of Alaska waters of Prince William Sound.

¹²See 50 CFR 679.22(a)(7)(i)(C) for exemptions for catcher vessels less than 60 feet (18.3 m) LOA using jig or hook-and-line gear between Bishop Point and Emerald Island closure areas.

¹³Trawl, hook-and-line, and pot closures around these sites are limited to waters east of 170°00'00" W long.

¹⁴Trawl closures around Ugidak I., Gramp Rock, and Tanaga I./Bumpy Point are 20 nm west of 178°0'00"W long. year round. Trawl closures around these sites in waters located east of 178°0'00"W. long. are 0 nm to 20 nm June 10, 1200 hours, A.I.t., to November 1, 1200 hours, A.I.t., and 0 nm to 10 nm from January 20, 1200 hours, A.I.t. to June 10, 1200 hours, A.I.t.

¹⁵In waters west of 177°0'0" W long.

(a) For vessels 60 ft (18.3 m) or greater LOA, the hook- and-line and pot closures are 0 nm to 20 nm from January 1, 0001 hours, A.I.t., to March 1, 1200 hours, A.I.t., and 0 nm to 6 nm from March 1, 1200 hours, A.I.t., to November 1, 1200 hours, A.I.t.

(b) For vessels less than 60 ft (18.3 m), the hook-and-line and pot closures are 0 nm to 6 nm from January 1, 0001 hours, A.I.t., to November 1, 1200 hours, A.I.t.

(c) These restrictions also apply to jig gear vessels of the same LOA.

¹⁶In waters east of 177°0'0" W long., hook-and-line and pot closures are 0 nm to 20 nm from January 1, 0001 hours, A.I.t., to March 1, 1200 hours, A.I.t., and 0 nm to 10 nm year round. These restrictions also apply to jig gear vessels.

¹⁷Closures to directed fishing from 0 nm to 20 nm from these sites apply to waters east of 177°0'00" E long. Retention of Pacific cod is prohibited in Area 543, as described in §679.7(a)(19).

¹Where two sets of coordinates are given, the baseline extends in a clock-wise direction from the first set of geographic coordinates along the shoreline at mean lower-low water to the second set of coordinates.

²Closures as stated in 50 CFR 679.22(a)(7)(vi).

³No-fishing zones are the waters between 0 nm and the nm specified in column 7 around each site.

⁴Directed fishing for Atka mackerel by vessels using trawl gear is prohibited in waters located:

- a) 0 nm to 20 nm seaward of Tanaga I./Bumpy Pt and east of 178° W long., and
- b) 0 nm to 10 nm seaward of Tanaga I./Bumpy Pt and west of 178° W long.

⁵ Some or all of the restricted area is located in the Seguam Foraging Area (SFA), which is closed to all gears types. The SFA is established as all waters within the area between 52° N lat. and 53° N lat. and between 173° 30' W long. and 172° 30' W long.

⁶ Directed fishing for Atka mackerel by vessels using trawl gear is prohibited in waters located:

- a) 0 nm to 20 nm seaward of these sites and east of 178° W long., and
- b) 0 nm to 10 nm seaward of these sites and west of 178° W long.

⁷Directed fishing for Atka mackerel by vessels using trawl gear is prohibited in waters located:

- a) 0 nm to 20 nm seaward of these sites and west of 179° 0' W longitude, and
- b) 0 nm to 10 nm seaward of these sites and east of 179° 0' W longitude

¹ Where two sets of coordinates are given, the baseline extends in a clock-wise direction from the first set of geographic coordinates along the shoreline at mean lower-low water to the second set of coordinates. Where only one set of coordinates is listed, that location is the base point.

² See 50 CFR 223.202(a)(2)(i) for regulations regarding 3 nm no transit zones.

Note: No groundfish fishing zones are the waters between 0 nm to 3 nm surrounding each site.

N=No, Y=Yes
