be returned to the applicant. Periodically, all certified proposals will be evaluated in the Regional Offices before being submitted to Washington, where they will be judged by national panels whose member are knowledgeable in recreation and urban revitalization. Innovation and Rehabilitation proposals will be judged by separate panels.

(6) Following review and ranking by the panels, the Director will approve tentative grant offers for those proposals which may be funded. Successful applicants will be notified by the NPS Regional Offices, and completion of the formal application process will take place. The formal application process must be completed within 120 days of notification of the tentative grant offer, or the tentative grant offer may be withdrawn. Final approval of a grant and obligation of funds will occur when all application requirements have been met and the appropriate documents are on file. No costs may be incurred or reimbursed, except incurred architectural and engineering fees indicated in § 72.44, until NPS approval of the grant agreement.

(7) Unfunded proposals may require modifications to improve their competitiveness. Applicants with such proposals will be advised by NPS of suggested modifications, if any, to increase their chances for funding in future grant rounds.

(8) If an applicant wishes a proposal to remain in competition, it may be considered for two additional funding cycles, with or without minor modifications, before it is returned to the applicant. Major modifications of scope and/or total funding request will require complete resubmission of a proposal as a new preapplication. Applicants who wish to change the scope and/or total funds requested for a proposal which is already in competition, must submit a written request for withdrawal of the previous proposal before submitting a new proposal in the same competition.

(9) The Director reserves the right to withdraw a grant offer if it is determined that any preapplication contains misstatements or misrepresentations of fact, or problems identified which cannot be resolved.
