DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

For deposit into the Department of Defense Base Closure Account 2005, established by section 2906A(a)(1) of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note), \$7,235,591,000, to remain available until expended: *Provided*, That the Department of Defense shall notify the Committees on Appropriations of both Houses of Congress 14 days prior to obligating an amount for a construction project that exceeds or reduces the amount identified for that project in the most recently submitted budget request for this account by 20 percent or \$2,000,000, whichever is less: *Provided further*, That the previous proviso shall not apply to projects costing less than \$5,000,000, except for those projects not previously identified in any budget submission for this account and exceeding the minor construction threshold under 10 U.S.C. 2805.

ADMINISTRATIVE PROVISIONS

SEC. 101. None of the funds made available in this title shall be expended for payments under a cost-plus-a-fixed-fee contract for construction, where cost estimates exceed \$25,000, to be performed within the United States, except Alaska, without the specific approval in writing of the Secretary of Defense setting forth the reasons therefor.

SEC. 102. Funds made available in this title for construction shall be available for hire of passenger motor vehicles.

SEC. 103. Funds made available in this title for construction may be used for advances to the Federal Highway Administration, Department of Transportation, for the construction of access roads as authorized by section 210 of title 23, United States Code, when projects authorized therein are certified as important to the national defense by the Secretary of Defense.

SEC. 104. None of the funds made available in this title may be used to begin construction of new bases in the United States for which specific appropriations have not been made.

SEC. 105. None of the funds made available in this title shall be used for purchase of land or land easements in excess of 100 percent of the value as determined by the Army Corps of Engineers or the Naval Facilities Engineering Command, except: (1) where there is a determination of value by a Federal court; (2) purchases negotiated by the Attorney General or the designee of the Attorney General; (3) where the estimated value is less than \$25,000; or (4) as otherwise determined by the Secretary of Defense to be in the public interest.

SEC. 106. None of the funds made available in this title shall be used to: (1) acquire land; (2) provide for site preparation; or (3) install utilities for any family housing, except housing for which funds have been made available in annual Acts making appropriations for military construction.

SEC. 107. None of the funds made available in this title for minor construction may be used to transfer or relocate any activity from one base or installation to another, without prior notification to the Committees on Appropriations of both Houses of Congress.

SEC. 108. None of the funds made available in this title may be used for the procurement of steel for any construction project or activity for which American steel producers, fabricators, and manufacturers have been denied the opportunity to compete for such steel procurement.

SEC. 109. None of the funds available to the Department of Defense for military construction or family housing during the current fiscal year may be used to pay real property taxes in any foreign nation.

SEC. 110. None of the funds made available in this title may be used to initiate a new installation overseas without prior notification to the Committees on Appropriations of both Houses of Congress.

SEC. 111. None of the funds made available in this title may be obligated for architect and engineer contracts estimated by the Government to exceed \$500,000 for projects to be accomplished in Japan, in any North Atlantic Treaty Organization member country, or in countries bordering the Arabian Sea, unless such contracts are awarded to United States firms or United States firms in joint venture with host nation firms.

SEC. 112. None of the funds made available in this title for military construction in the United States territories and possessions in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Sea, may be used to award any contract estimated by the Government to exceed \$1,000,000 to a foreign contractor: *Provided*, That this section shall not be applicable to contract awards for which the lowest responsive and responsible bid of a United States contractor exceeds the lowest responsive and responsible bid of a foreign contractor by greater than 20 percent: *Provided further*, That this section shall not apply to contract awards for military construction on Kwajalein Atoll for which the lowest responsive and responsible bid is submitted by a Marshallese contractor.

SEC. 113. The Secretary of Defense is to inform the appropriate committees of both Houses of Congress, including the Committees on Appropriations, of the plans and scope of any proposed military exercise involving United States personnel 30 days prior to its occurring, if amounts expended for construction, either temporary or permanent, are anticipated to exceed \$100,000.

SEC. 114. Not more than 20 percent of the funds made available in this title which are limited for obligation during the current fiscal year shall be obligated during the last two months of the fiscal year.

(INCLUDING TRANSFER OF FUNDS)

SEC. 115. Funds appropriated to the Department of Defense for construction in prior years shall be available for construction authorized for each such military department by the authorizations enacted into law during the current session of Congress.

SEC. 116. For military construction or family housing projects that are being completed with funds otherwise expired or lapsed for obligation, expired or lapsed funds may be used to pay the cost of associated supervision, inspection, overhead, engineering and design on those projects and on subsequent claims, if any.

SEC. 117. Notwithstanding any other provision of law, any funds made available to a military department or defense agency for the construction of military projects may be obligated for a military construction project or contract, or for any portion of such a project or contract, at any time before the end of the fourth fiscal year after the fiscal year for which funds for such project were made available, if the funds obligated for such project: (1) are obligated from funds available for military construction projects; and (2) do not exceed the amount appropriated for such project, plus any amount by which the cost of such project is increased pursuant to law.

SEC. 118. (a) The Secretary of Defense, in consultation with the Secretary of State, shall submit to the Committees on Appropriations of both Houses of Congress, by February 15 of each year, an annual report, in unclassified and, if necessary classified form, on actions taken by the Department of Defense and the Department of State during the previous fiscal year to encourage host countries to assume a greater share of the common defense burden of such countries and the United States.

(b) The report under subsection (a) shall include a description of—

(1) attempts to secure cash and in-kind contributions from host countries for military construction projects;

(2) attempts to achieve economic incentives offered by host countries to encourage private investment for the benefit of the United States Armed Forces;

(3) attempts to recover funds due to be paid to the United States by host countries for assets deeded or otherwise imparted to host countries upon the cessation of United States operations at military installations;

(4) the amount spent by host countries on defense, in dollars and in terms of the percent of gross domestic product (GDP) of the host country; and

(5) for host countries that are members of the North Atlantic Treaty Organization (NATO), the amount contributed to NATO by host countries, in dollars and in terms of the percent of the total NATO budget.

(c) In this section, the term “host country” means other member countries of NATO, Japan, South Korea, and United States allies bordering the Arabian Sea.

(INCLUDING TRANSFER OF FUNDS)

SEC. 119. In addition to any other transfer authority available to the Department of Defense, proceeds deposited to the Department of Defense Base Closure Account established by section 207(a)(1) of the Defense Authorization Amendments and Base Closure and Realignment Act (10 U.S.C. 2687 note) pursuant to section 207(a)(2)(C) of such Act, may be transferred to the account established by section 2906(a)(1) of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note), to be merged with, and to be available for the same purposes and the same time period as that account.

(INCLUDING TRANSFER OF FUNDS)

SEC. 120. Subject to 30 days prior notification to the Committees on Appropriations of both Houses of Congress, such additional amounts as may be determined by the Secretary of Defense may be transferred to: (1) the Department of Defense Family Housing Improvement Fund from amounts appropriated for construction in "Family Housing" accounts, to be merged with and to be available for the same purposes and for the same period of time as amounts appropriated directly to the Fund; or (2) the Department of Defense Military Unaccompanied Housing Improvement Fund from amounts appropriated for construction of military unaccompanied housing in "Military Construction" accounts, to be merged with and to be available for the same purposes and for the same period of time as amounts appropriated directly to the Fund: *Provided*, That appropriations made available to the Funds shall be available to cover the costs, as defined in section 502(5) of the Congressional Budget Act of 1974, of direct loans or loan guarantees issued by the Department of Defense pursuant to the provisions of subchapter IV of chapter 169 of title 10, United States Code, pertaining to alternative means of acquiring and improving military family housing, military unaccompanied housing, and supporting facilities.

SEC. 121. (a) Not later than 60 days before issuing any solicitation for a contract with the private sector for military family housing the Secretary of the military department concerned shall submit to the Committees on Appropriations of both Houses of Congress the notice described in subsection (b).

(b)(1) A notice referred to in subsection (a) is a notice of any guarantee (including the making of mortgage or rental payments) proposed to be made by the Secretary to the private party under the contract involved in the event of—

(A) the closure or realignment of the installation for which housing is provided under the contract;

(B) a reduction in force of units stationed at such installation; or

(C) the extended deployment overseas of units stationed at such installation.

(2) Each notice under this subsection shall specify the nature of the guarantee involved and assess the extent and likelihood, if any, of the liability of the Federal Government with respect to the guarantee.

(INCLUDING TRANSFER OF FUNDS)

SEC. 122. In addition to any other transfer authority available to the Department of Defense, amounts may be transferred from the accounts established by sections 2906(a)(1) and 2906A(a)(1) of the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. 2687 note), to the fund established by section 1013(d) of the Demonstration Cities and Metropolitan Development Act of 1966 (42 U.S.C. 3374) to pay for expenses associated with the Homeowners Assistance Program. Any amounts transferred shall be merged with and be available for the same purposes and for the same time period as the fund to which transferred.

SEC. 123. Notwithstanding this or any other provision of law, funds made available in this title for operation and maintenance of family housing shall be the exclusive source of funds for repair and maintenance of all family housing units, including general or flag officer quarters: *Provided*, That not more than \$35,000 per unit may be spent annually for the maintenance and repair of any general or flag officer quarters without 30 days prior notification to the Committees on Appropriations of both Houses of Congress, except that an after-the-fact notification shall be submitted if the limitation is exceeded solely due to costs associated with environmental remediation that could not be reasonably anticipated at the time of the budget submission: *Provided further*, That the Under Secretary of Defense (Comptroller) is to report annually to the Committees on Appropriations of both Houses of Congress all operation and maintenance expenditures for each individual general or flag officer quarters for the prior fiscal year.

SEC. 124. Whenever the Secretary of Defense or any other official of the Department of Defense is requested by the subcommittee on Military Construction, Veterans Affairs, and Related Agencies of the Committee on Appropriations of the House of Representatives or the subcommittee on Military Construction, Veterans Affairs, and Related Agencies of the Committee on Appropriations of the Senate to respond to a question or inquiry submitted by the chairman or another member of that subcommittee pursuant to a subcommittee hearing or other activity, the Secretary (or other official) shall respond to the request, in writing, within 21 days of the date on which the request is transmitted to the Secretary (or other official).

SEC. 125. Amounts contained in the Ford Island Improvement Account established by subsection (h) of section 2814 of title 10, United States Code, are appropriated and shall be available until expended for the purposes specified in subsection (i)(1) of such section or until transferred pursuant to subsection (i)(3) of such section.

(INCLUDING TRANSFER OF FUNDS)

SEC. 126. None of the funds made available in this title, or in any Act making appropriations for military construction which remain available for obligation, may be obligated or expended to carry out a military construction, land acquisition, or family housing project at or for a military installation approved for closure, or at a military installation for the purposes of supporting a function

that has been approved for realignment to another installation, in 2005 under the Defense Base Closure and Realignment Act of 1990 (part A of title XXIX of Public Law 101–510; 10 U.S.C. 2687 note), unless such a project at a military installation approved for realignment will support a continuing mission or function at that installation or a new mission or function that is planned for that installation, or unless the Secretary of Defense certifies that the cost to the United States of carrying out such project would be less than the cost to the United States of cancelling such project, or if the project is at an active component base that shall be established as an enclave or in the case of projects having multi-agency use, that another Government agency has indicated it will assume ownership of the completed project. The Secretary of Defense may not transfer funds made available as a result of this limitation from any military construction project, land acquisition, or family housing project to another account or use such funds for another purpose or project without the prior approval of the Committees on Appropriations of both Houses of Congress. This section shall not apply to military construction projects, land acquisition, or family housing projects for which the project is vital to the national security or the protection of health, safety, or environmental quality: *Provided*, That the Secretary of Defense shall notify the congressional defense committees within seven days of a decision to carry out such a military construction project.

(INCLUDING TRANSFER OF FUNDS)

SEC. 127. During the 5-year period after appropriations available in this Act to the Department of Defense for military construction and family housing operation and maintenance and construction have expired for obligation, upon a determination that such appropriations will not be necessary for the liquidation of obligations or for making authorized adjustments to such appropriations for obligations incurred during the period of availability of such appropriations, unobligated balances of such appropriations may be transferred into the appropriation “Foreign Currency Fluctuations, Construction, Defense”, to be merged with and to be available for the same time period and for the same purposes as the appropriation to which transferred.

SEC. 128. None of the funds in this title shall be used for any activity related to the construction of an Outlying Landing Field in Washington County, North Carolina.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

SEC. 201. Any appropriation for fiscal year 2008 for "Compensation and pensions", "Readjustment benefits", and "Veterans insurance and indemnities" may be transferred as necessary to any other of the mentioned appropriations: *Provided*, That before a transfer may take place, the Secretary of Veterans Affairs shall request from the Committees on Appropriations of both Houses of Congress the authority to make the transfer and such Committees issue an approval, or absent a response, a period of 30 days has elapsed.

(INCLUDING TRANSFER OF FUNDS)

SEC. 202. Amounts made available for fiscal year 2008, in this Act or any other Act, under the “Medical services”, “Medical Administration”, and “Medical facilities” accounts may be transferred among the accounts to the extent necessary to implement the restructuring of the Veterans Health Administration accounts: *Provided*, That before a transfer may take place, the Secretary of Veterans Affairs shall request from the Committees on Appropriations of both Houses of Congress the authority to make the transfer and an approval is issued.

SEC. 203. Appropriations available in this title for salaries and expenses shall be available for services authorized by section 3109 of title 5, United States Code, hire of passenger motor vehicles; lease of a facility or land or both; and uniforms or allowances therefore, as authorized by sections 5901 through 5902 of title 5, United States Code.

SEC. 204. No appropriations in this title (except the appropriations for “Construction, major projects”, and “Construction, minor projects”) shall be available for the purchase of any site for or toward the construction of any new hospital or home.

SEC. 205. No appropriations in this title shall be available for hospitalization or examination of any persons (except beneficiaries entitled to such hospitalization or examination under the laws providing such benefits to veterans, and persons receiving such treatment under sections 7901 through 7904 of title 5, United States Code, or the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.)), unless reimbursement of the cost of such hospitalization or examination is made to the “Medical services” account at such rates as may be fixed by the Secretary of Veterans Affairs.

SEC. 206. Appropriations available in this title for “Compensation and pensions”, “Readjustment benefits”, and “Veterans insurance and indemnities” shall be available for payment of prior year accrued obligations required to be recorded by law against the corresponding prior year accounts within the last quarter of fiscal year 2007.

SEC. 207. Appropriations available in this title shall be available to pay prior year obligations of corresponding prior year appropriations accounts resulting from sections 3328(a), 3334, and 3712(a) of title 31, United States Code, except that if such obligations are from trust fund accounts they shall be payable only from “Compensation and pensions”.

(INCLUDING TRANSFER OF FUNDS)

SEC. 208. Notwithstanding any other provision of law, during fiscal year 2008, the Secretary of Veterans Affairs shall, from the National Service Life Insurance Fund (38 U.S.C. 1920), the Veterans’ Special Life Insurance Fund (38 U.S.C. 1923), and the United States Government Life Insurance Fund (38 U.S.C. 1955), reimburse the “General operating expenses” account for the cost of administration of the insurance programs financed through those accounts: *Provided*, That reimbursement shall be made only from the surplus earnings accumulated in such an insurance program dur-

ing fiscal year 2008 that are available for dividends in that program after claims have been paid and actuarially determined reserves have been set aside: *Provided further*, That if the cost of administration of such an insurance program exceeds the amount of surplus earnings accumulated in that program, reimbursement shall be made only to the extent of such surplus earnings: *Provided further*, That the Secretary shall determine the cost of administration for fiscal year 2008 which is properly allocable to the provision of each such insurance program and to the provision of any total disability income insurance included in that insurance program.

SEC. 209. Amounts deducted from enhanced-use lease proceeds to reimburse an account for expenses incurred by that account during a prior fiscal year for providing enhanced-use lease services, may be obligated during the fiscal year in which the proceeds are received.

(INCLUDING TRANSFER OF FUNDS)

SEC. 210. Funds available in this title or funds for salaries and other administrative expenses shall also be available to reimburse the Office of Resolution Management of the Department of Veterans Affairs and the Office of Employment Discrimination Complaint Adjudication under section 319 of title 38, United States Code, for all services provided at rates which will recover actual costs but not exceed \$32,067,000 for the Office of Resolution Management and \$3,148,000 for the Office of Employment and Discrimination Complaint Adjudication: *Provided*, That payments may be made in advance for services to be furnished based on estimated costs: *Provided further*, That amounts received shall be credited to "General operating expenses" for use by the office that provided the service.

SEC. 211. No appropriations in this title shall be available to enter into any new lease of real property if the estimated annual rental is more than \$300,000 unless the Secretary submits a report which the Committees on Appropriations of both Houses of Congress approve within 30 days following the date on which the report is received.

SEC. 212. No funds of the Department of Veterans Affairs shall be available for hospital care, nursing home care, or medical services provided to any person under chapter 17 of title 38, United States Code, for a non-service-connected disability described in section 1729(a)(2) of such title, unless that person has disclosed to the Secretary of Veterans Affairs, in such form as the Secretary may require, current, accurate third-party reimbursement information for purposes of section 1729 of such title: *Provided*, That the Secretary may recover, in the same manner as any other debt due the United States, the reasonable charges for such care or services from any person who does not make such disclosure as required: *Provided further*, That any amounts so recovered for care or services provided in a prior fiscal year may be obligated by the Secretary during the fiscal year in which amounts are received.

(INCLUDING TRANSFER OF FUNDS)

SEC. 213. Notwithstanding any other provision of law, at the discretion of the Secretary of Veterans Affairs, proceeds or revenues

derived from enhanced-use leasing activities (including disposal) may be deposited into the “Construction, major projects” and “Construction, minor projects” accounts and be used for construction (including site acquisition and disposition), alterations, and improvements of any medical facility under the jurisdiction or for the use of the Department of Veterans Affairs. Such sums as realized are in addition to the amount provided for in “Construction, major projects” and “Construction, minor projects”.

SEC. 214. Amounts made available under “Medical services” are available—

- (1) for furnishing recreational facilities, supplies, and equipment; and
- (2) for funeral expenses, burial expenses, and other expenses incidental to funerals and burials for beneficiaries receiving care in the Department.

(INCLUDING TRANSFER OF FUNDS)

[CLERK'S NOTE: Reproduced below is the material relating to division I contained in the "Explanatory Statement Submitted by Mr. Obey, Chairman of the House Committee on Appropriations, Regarding the Consolidated Appropriations Amendment of the House of Representatives to the Senate Amendment to H.R. 2764".¹

The amendment discussed in the Explanatory Statement was agreed to without change by both the House of Representatives and the Senate. Therefore, the "amended bill" referred to in the Statement is the same as the legislation that has been signed into law.

Section 4 of the Consolidated Appropriations Act provides that this Explanatory Statement "shall have the same effect with respect to the allocation of funds and implementation of divisions A through K of this Act as if it were a joint explanatory statement of a committee of conference".]

EXPLANATORY STATEMENT, DIVISION I

DIVISION I—MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2008

Following is an explanation of the effect of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as "the amended bill") relative to the versions of the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2008 (H.R. 2642) as passed by the House of Representatives and the Senate. References to amounts or language proposed by the House of Representatives or the Senate refer to amounts and language in the House or Senate passed versions of H.R. 2642 or in the accompanying committee reports (House Report 110–186 and Senate Report 110–85).

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 110–186 and Senate Report 110–85 should be complied with unless specifically addressed to the contrary in the amended bill and this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement is approved by the Appropriations Committees of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate have directed the submission of a report, such report is to be submitted to both Houses of Congress.

¹This Explanatory Statement was submitted for printing in the *Congressional Record* on December 17, 2007, prior to House consideration of the Consolidated Appropriations amendment and as directed by the House of Representatives in section 3 of H. Res. 869. The Statement appears in books II and III of the December 17 *Congressional Record*, with the division I portion beginning on page H16381 of book III.

TITLE I

DEPARTMENT OF DEFENSE

ITEMS OF GENERAL INTEREST

“Grow the Force”.—The Appropriations Committees note that the President, in the fiscal year 2008 budget submission to Congress, did not identify individual projects associated with the Administration’s \$2,820,898,000 “Grow the Force” initiative, instead requesting lump sum funding for the initiative. Detailed information on individual projects was not provided by the Army and Marine Corps until weeks after the budget submission. The amended bill provides full funding for this initiative, by project, and identifies the “Grow the Force” projects in the table at the end of this division of this explanatory statement. The Appropriations Committees remind the Department that the “Grow the Force” projects for which the President requested lump sum funding are part of the regular military construction program and are therefore subject to the same notification and reprogramming requirements that apply to all military construction appropriations.

Construction Inflation.—The Appropriations Committees are concerned by the continuing impact of high inflation rates for construction material prices and labor costs. These high rates have made it increasingly difficult for the services and Defense agencies to execute their military construction and family housing construction programs in a timely manner without scope reductions, project cancellations, and reprogramming requests. Given the enormous volume of construction to be completed over the next five years due to BRAC, global rebasing, end-strength increases for the Army and Marine Corps, and numerous smaller initiatives, realistic budgeting for construction inflation is necessary if the quality of life and quality of service for military personnel and their families are to be maintained at a high level. The Appropriations Committees are dismayed by the failure of the Office of Management and Budget and the Department of Defense to incorporate realistic inflation estimates in the budget submissions, even though the consequences of this failure are predictable. The Appropriations Committees support and encourage current efforts to more accurately account for regional variations in construction inflation; however, the Committees also believe that such efforts will be of limited value if the overall inflation figure used by the Administration to build the military construction program is unrealistically low. The Department of Defense is directed to report to the Committees on Appropriations of both Houses of Congress on the baseline construction inflation rate incorporated in the fiscal year 2009 military construction and family housing budget request, as well as a justification for that rate, no later than seven days following the submission of that request to Congress.

Integrated Construction Plans for the “Grow the Force,” Global Basing, and Base Realignment and Closure Initiatives.—The Appropriations Committees remain concerned about the ability of the Department of Defense to effectively coordinate and integrate the significant construction demands of the “Grow the Force” initiative with the equally daunting construction programs associated with

the Department's global rebasing plan and the 2005 Base Realignment and Closure program, particularly within the short timeframe allotted for the completion of each of these initiatives. The Secretary of Defense shall submit a separate report to the Committees on Appropriations of both Houses of Congress by January 31, 2008, identifying the installations at which there is any overlap of military construction and/or family housing construction among any or all of the three initiatives. In addition to a detailed list of the projects by installation, the report should include the projected timeline for completing each of the identified projects and the projected timeline for the movement of military personnel associated with the initiatives into the affected installations.

Government Accountability Office (GAO) Review of Global Defense Posture Report.—The Appropriations Committees agree that the GAO review of the status of the Defense Department's Global Defense Posture should be submitted to the Committees on Appropriations of both Houses of Congress no later than April 15, 2008.

Failure to Comply With Report Deadlines.—The Appropriations Committees note the Department of Defense's failure to comply with deadlines for several reports directed by the Committees on Appropriations of both Houses of Congress. These deadlines have passed without the reports being delivered, or even notice from the Department as to why it has been unable to meet the deadlines. Some of these reports are merely collections of data that are readily available. The Appropriations Committees find this delay unacceptable. These reports are directed to ensure proper congressional oversight and to inform congressional decisions on the Department's budget requests. The Department of Defense is directed to submit all reports required by House Report 110-186 and Senate Report 110-85 that are currently overdue, or an explanation of why these reports have not been delivered along with the expected date of delivery, no later than seven days after the enactment of this Act. The Department and the services are also directed to meet future reporting deadlines. If future deadlines are not met, the Department or service shall submit an explanation for the failure to deliver and the expected date of delivery no later than seven days after the deadline.

Incrementally Funded Projects.—The Appropriations Committees note that the Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. The Appropriations Committees continue to believe that military construction projects should be fully funded or separated into stand-alone phases when practical. In some cases, however, incremental funding makes fiscal and programmatic sense. The Appropriations Committees have therefore agreed that the following projects will be incrementally funded: Fuel Storage Facilities, Point Loma, California; Southern Command Headquarters, Miami, Flor-

ida; Submarine Drive-in Magnetic Silencing Facility, Pearl Harbor, Hawaii; SOF Operations Facility, Dam Neck Annex, Virginia; Kilo Wharf, Naval Base Guam; and Brigade Operations Support Facility and Brigade Barracks/Community Facility, Vicenza, Italy.

Guam Master Plan.—The Appropriations Committees agree that the massive construction program planned to expand the presence of the U.S. military on Guam presents a major challenge to the Department of Defense, and requires a well-planned execution strategy. However, the Appropriations Committees are concerned that the Senate provision requiring the Secretary of Defense to submit a master plan for Guam by December 29, 2007, does not give the Department adequate time to complete the plan, particularly in view of the ongoing environmental assessments being conducted on Guam. The Appropriations Committees do not concur with the Senate position and instead direct the Secretary of Defense to submit to the Committees on Appropriations of both Houses of Congress no later than September 15, 2008, a report on the Department's planning efforts for Guam. The report should identify in detail the size and makeup of the U.S. military forces to be located on Guam, the number of dependents expected to accompany those forces, and the infrastructure required to support the troops and their families. The report should also outline the Department's plan to accomplish the projected level of construction associated with the build-up, within the constrained construction capacity of Guam, and the infrastructure required to support the anticipated increase in the construction workforce. The Department is further directed to provide an updated funding plan for both the military and family housing construction, and the associated Defense education and Defense logistics infrastructure needed, and a status report on the availability and funding mechanism of the \$6.1 billion that the Government of Japan has agreed to contribute.

MILITARY CONSTRUCTION, ARMY

(INCLUDING RESCISSION OF FUNDS)

The amended bill appropriates \$3,936,583,000 for Military Construction, Army, instead of \$4,070,959,000 as proposed by the House and \$3,928,149,000 as proposed by the Senate. Within this amount, the amended bill provides \$321,983,000 for study, planning, design, architect and engineer services, and host nation support instead of \$481,468,000 as proposed by the House and \$317,149,000 as proposed by the Senate. The amended bill rescinds \$8,690,000 from funds previously appropriated to this account due to bid savings as follows:

Fitness Center, Naval Station Newport, Rhode Island.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$900,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, AIR FORCE

(INCLUDING RESCISSIONS OF FUNDS)

The amended bill appropriates \$1,159,747,000 for Military Construction, Air Force, instead of \$927,428,000 as proposed by the House and \$1,048,518,000 as proposed by the Senate. Within this amount, the amended bill provides \$43,721,000 for study, planning, design, architect and engineer services instead of \$51,587,000 as proposed by the House and \$64,958,000 as proposed by the Senate.

The amended bill rescinds \$10,470,000 from funds previously appropriated to this account due to bid savings as follows:

Public Law/location	Project title	Amended Biall
P.L. 108-324 (FY 2005):		
Greenland: Thule AB	Dormitory	— 5,319,000

Taxiway, Randolph AFB, Texas.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$554,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, DEFENSE-WIDE

(INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The amended bill appropriates \$1,609,596,000 for Military Construction, Defense-Wide, instead of \$1,806,928,000 as proposed by the House and \$1,758,755,000 as proposed by the Senate. Within this amount, the amended bill provides \$155,569,000 for study, planning, design, architect and engineer services instead of \$154,728,000 as proposed by both the House and the Senate.

The amended bill provides \$70,000,000 for the Energy Conservation Investment Program as proposed by the House, instead of \$85,000,000 as proposed by the Senate. The amended bill also provides \$5,000,000 for contingency construction, instead of \$10,000,000 as proposed by both the House and the Senate.

The amended bill rescinds \$10,192,000 from funds previously appropriated to this account as follows:

Public Law / location	Project title	Amended Bill
PL 110–5 (FY 2007)		
Kwajalein Atoll	Launch Control Facility Upgrades	– 7,592,000
Worldwide: Unspecified	Contingency Construction	– 2,600,000
Total	– 10,192,000

Of the funds rescinded from Public Law 110–5, the amended bill rescinds \$7,592,000 from a Missile Defense Agency (MDA) project on Kwajalein Atoll and directs MDA to fund this project using its research, development, testing and evaluation construction authority. The amended bill also rescinds \$2,600,000 from contingency construction in Public Law 110–5. The fiscal year 2007 National Defense Authorization Act authorized a project to replace a fuel truck loading facility on Wake Island. The Department of Defense opted not to execute this project, shifting the funds to the contingency construction sub-account. A cancellation notice for the Wake Island project was not submitted until October 16, 2007 even though Pacific Air Forces had decided to place the island in caretaker status in March 2007. The Appropriations Committees remind the Department that timely notification of project cancellations is mandatory in accordance with 10 U.S.C. 2853.

SOF C-130 Fuel Cell and Corrosion Control Hangars, Cannon AFB, New Mexico.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$855,000 be made available for the design of this facility.

SOF CV-22 Simulator Facility, Cannon AFB, New Mexico.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$711,000 be made available for the design of this facility.

United States Property and Fiscal Office, North Kingstown, Rhode Island.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$810,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The amended bill appropriates \$287,537,000 for Military Construction, Air National Guard, instead of \$95,517,000 as proposed by the House and \$228,995,000 as proposed by the Senate.

Replace Squadron Operations and Relocate Security Perimeter, McGhee Tyson Airport, Tennessee.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$1,120,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, ARMY RESERVE

The amended bill appropriates \$148,133,000 for Military Construction, Army Reserve, instead of \$154,684,000 as proposed by the House and \$138,424,000 as proposed by the Senate.

Army Reserve Center, Letterkenny Army Depot, Pennsylvania.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$675,000 be made available for the design of this facility.

Tactical Training Base, Phase I, Fort Dix, New Jersey.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$531,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, NAVY RESERVE

The amended bill appropriates \$64,430,000 for Military Construction, Navy Reserve, instead of \$69,150,000 as proposed by the House and \$59,150,000 as proposed by the Senate.

Marine Corps Reserve Center, Windy Hill, Georgia.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$310,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

(INCLUDING RESCISSION OF FUNDS)

The amended bill appropriates \$28,359,000 for Military Construction, Air Force Reserve, instead of \$39,628,000 as proposed by the House and \$27,559,000 as proposed by the Senate.

The amended bill rescinds \$3,069,000 from funds previously appropriated to this account due to a cancelled project as follows:

Public Law/location	Project title	Amended Bill
PL 109–114 (FY 2006):		
AK: Elmendorf AFB	C–17 Convert Hangar for AFRC Group HQ	– 3,069,000
Total	– 3,069,000

Joint Deployment Processing Facility, March ARB, California.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$972,000 be made available for the design of this facility.

Visiting Quarters, Phase I, Pittsburgh Air Reserve Station, Coraopolis, Pennsylvania.—Of the funds provided for planning and design in this account, the Appropriations Committees direct that \$828,000 be made available for the design of this facility.

NORTH ATLANTIC TREATY ORGANIZATION

SECURITY INVESTMENT PROGRAM

The amended bill appropriates \$201,400,000 for the North Atlantic Treaty Organization Security Investment Program as proposed by both the House and the Senate.

Missile Defense.—The Appropriations Committees do not agree to a Senate provision requiring prior approval from the Committees on Appropriations of both Houses of Congress before NATO Security Investment Program (NSIP) funds can be obligated for the construction of missile defense facilities in Poland or the Czech Republic. Instead, the Committees on Appropriations of both Houses of Congress shall be notified in writing 21 days in advance of the obligation or expenditure of NSIP funds for missile defense studies, planning and design, or other activities related to the construction of missile defense facilities in Poland or the Czech Republic.

FAMILY HOUSING OVERVIEW

Incorporation of Additional Information Into Semi-Annual Reports on Family Housing Privatization.—The Department of Defense is directed to include data on the maintenance of family housing units and the contributions of housing privatization entities to the recapitalization accounts of each ongoing family housing privatization project in each future semi-annual progress report on the privatization program.

Transfer of Funds Between Family Housing Construction and Operation and Maintenance Sub-Accounts.—The services and Defense agencies are directed to notify the Committees on Appropriations of both Houses of Congress within 30 days of a transfer of funds between sub-accounts within the family housing construction and

family housing operation and maintenance accounts, if such transfer is in excess of 10 percent of the funds appropriated to the sub-account to which the funds are being transferred. Notifications to the Committees shall indicate the sub-accounts and amounts that are being used to source the transfer.

FAMILY HOUSING CONSTRUCTION, ARMY

(INCLUDING RESCISSION OF FUNDS)

The amended bill appropriates \$424,400,000 for Family Housing Construction, Army, instead of \$419,400,000 as proposed by both the House and the Senate. The amended bill rescinds \$4,559,000 from funds previously appropriated to this account due to cancelled or reduced projects as follows:

Public Law/location	Project title	Amended Bill
PL 110-5 (FY 2007):		
AR: Pine Bluff	Replacement Construction	— 500,000
AR: Pine Bluff	Improvements	— 4,059,000

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The amended bill appropriates \$500,000 for the Department of Defense Family Housing Improvement Fund as proposed by both the House and the Senate.

CHEMICAL DEMILITARIZATION CONSTRUCTION, DEFENSE-WIDE

The amended bill appropriates \$104,176,000 for Chemical Demilitarization Construction, Defense-Wide as proposed by the Senate, instead of \$86,176,000 as proposed by the House.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The amended bill appropriates \$295,689,000 for the Department of Defense Base Closure Account 1990, instead of \$270,689,000 as proposed by the House and \$320,689,000 as proposed by the Senate. The amended bill includes an increase of \$75,000,000 above the budget request, of which \$25,000,000 is provided for the Army and \$50,000,000 is provided for the Navy. The Appropriations Committees direct the Army and Navy to submit an expenditure plan for the additional funds provided no later than 30 days following the enactment of this Act. The Committees further direct the services to notify the Committees on Appropriations of both Houses of Congress 14 days prior to obligating an amount for a site or closure package that exceeds or reduces the amount identified for that site or closure package in the fiscal year 2008 budget submission (plus additional funds as identified by the expenditure plan) by 20 percent or \$2,000,000, whichever is less. This direction shall not apply to sites or closure packages for which the requested amount is less than \$5,000,000.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

The amended bill appropriates \$7,235,591,000 for the Department of Defense Base Closure Account 2005, instead of \$8,174,315,000 as proposed by both the House and the Senate. The decrease from the request is a general reduction. The funds requested for this account, which are appropriated by lump sum, are allocated among 189 BRAC projects earmarked for funding by the President for fiscal year 2008. The requested projects and related planning and design total \$6,419,748,000. Additional funding provided in this account is for environmental, operations and maintenance, personnel, and related programs associated with the BRAC process. A detailed listing of the individual projects earmarked for

funding by the President is provided in Senate report 110–85, and a list of the President’s earmarks by BRAC closure package is provided in House report 110–186.

The Appropriations Committees note that it is the practice of the Committees to not add congressional earmarks for BRAC construction because of the complicated and inter-related nature of the BRAC construction program. The Appropriations Committees reaffirm this policy, and have included no congressionally directed earmarks in the BRAC 2005 account.

ADMINISTRATIVE PROVISIONS

The amended bill includes section 101 as proposed by both the House and the Senate limiting the use of funds under a cost-plus-a-fixed-fee contract.

The amended bill includes section 102 as proposed by both the House and the Senate allowing the use of construction funds in this title for hire of passenger motor vehicles.

The amended bill includes section 103 as proposed by both the House and the Senate allowing the use of construction funds in this title for advances to the Federal Highway Administration for the construction of access roads.

The amended bill includes section 104 as proposed by both the House and the Senate prohibiting construction of new bases in the United States without a specific appropriation.

The amended bill includes section 105 as proposed by both the House and the Senate limiting the use of funds for the purchase of land or land easements that exceed 100 percent of the value.

The amended bill includes section 106 as proposed by both the House and the Senate prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The amended bill includes section 107 as proposed by both the House and the Senate limiting the use of minor construction funds to transfer or relocate activities.

The amended bill includes section 108 as proposed by both the House and the Senate prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The amended bill includes section 109 as proposed by both the House and the Senate prohibiting the use of construction and family housing funds available to pay real property taxes in any foreign nation.

The amended bill includes section 110 as proposed by both the House and the Senate prohibiting the use of funds to initiate a new installation overseas without prior notification.

The amended bill includes section 111 as proposed by the House establishing a preference for American architectural and engineering services for overseas projects. The Senate bill included a similar provision, but exempted countries that have increased their defense spending by at least three percent in calendar year 2005.

The amended bill includes section 112 as proposed by both the House and the Senate establishing a preference for American contractors in certain locations.

The amended bill includes section 113 as proposed by the House requiring congressional notification of military exercises where con-

struction costs exceed \$100,000. The Senate bill included a similar provision, but increased the threshold to \$750,000.

The amended bill includes section 114 as proposed by both the House and the Senate limiting obligations in the last two months of the fiscal year.

The amended bill includes section 115 as proposed by both the House and the Senate allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The amended bill includes section 116 as proposed by both the House and the Senate allowing the use of lapsed or expired funds to pay the cost of supervision for any project being completed with lapsed funds.

The amended bill includes section 117 as proposed by both the House and the Senate allowing military construction funds to be available for five years.

The amended bill modifies section 118 requiring an annual report on actions taken to encourage other nations to assume a greater share of the common defense burden to include a classified report option, if necessary.

The amended bill includes section 119 as proposed by both the House and the Senate allowing the transfer of proceeds between BRAC accounts.

The amended bill includes section 120 as proposed by both the House and the Senate allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund.

The amended bill includes section 121 as proposed by both the House and the Senate requiring congressional notification prior to issuing a solicitation for a contract with the private sector for family housing.

The amended bill includes section 122 as proposed by both the House and the Senate allowing transfers to the Homeowners Assistance Fund.

The amended bill includes section 123 as proposed by the House limiting the source of operation and maintenance funds for flag and general officer quarters. The Senate bill included a similar provision, but also allowed the use of gift funds.

The amended bill includes section 124 as proposed by the House to require the Department of Defense to respond to a question or inquiry, in writing, within 21 days of the request. The Senate bill contained no similar provision.

The amended bill includes section 125 as proposed by both the House and the Senate extending the availability of funds in the Ford Island Improvement Fund.

The amended bill includes section 126 as proposed by both the House and the Senate placing limitations on the expenditure of funds for projects impacted by BRAC 2005.

The amended bill includes section 127 as proposed by the House allowing the transfer of expired funds to the Foreign Currency Fluctuation, Construction, Defense account. The Senate bill contained no similar provision.

The amended bill includes section 128 as proposed by the House prohibiting the use of funds for any activity related to the construc-

tion of an Outlying Landing Field in Washington County, North Carolina. The Senate bill contained no similar provision.

The amended bill does not include a provision as proposed by the House (Sec. 121) limiting the obligation of funds for Partnership for Peace programs. The Senate bill contained no similar provision.

The amended bill does not include a provision as proposed by the Senate (Sec. 126) related to reprogramming and notification requirements of "Grow the Force" projects. The House bill contained no similar provision. The issue is addressed under Department of Defense, Items of General Interest.

TITLE II—DEPARTMENT OF VETERANS AFFAIRS

ITEMS OF GENERAL INTEREST

Veterans Rights and Feedback.—The Appropriations Committees are encouraged by the progress the Department has made in providing veterans with the opportunity to offer feedback and obtain assistance through the Internet and the use of toll-free telephone numbers. The Appropriations Committees agree there are additional measures the Department should take to enhance these programs and to ensure that the Secretary, the Under Secretary for Health, the Under Secretary for Benefits, and the Office of Inspector General are kept informed of the feedback that is provided. The amended bill includes sufficient funding to ensure the Department is able to provide a clearly marked, direct link that allows veterans to seek assistance and provide feedback on the Veterans Affairs Internet home page; provide a separate toll-free telephone number for the Veterans Health Administration and for the Veterans Benefits Administration that allows a veteran to check on his or her eligibility, seek assistance in obtaining services and/or resolving difficulties, and provide feedback; and provide the Secretary, the Under Secretary for Health, the Under Secretary for Benefits, and the Office of Inspector General with a report that informs them of the types of issues that are being addressed through these systems so that they may more easily identify evolving problems and take early corrective action. The Secretary is directed to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on the actions that have been taken to implement this direction. Further, the Under Secretary for Health is directed to report to the Committees on Appropriations of both Houses of Congress by March 3, 2008, on the actions that have been taken to ensure that patient advocate contact information, including a telephone number, is clearly posted in all clinics, on all inpatient wards, and at the entrance of every Veterans Health Administration facility.

Services for Women Veterans.—The Appropriations Committees agree more can be done by the Department to refine its programs, services and outreach efforts in order to inform women veterans of their eligibility status and improve their access to services. While the amended bill does not retain the provision proposed by the House under General Operating Expenses, the amended bill includes sufficient funds for the operation of both the Advisory Committee on Women Veterans and the Center for Women Veterans. Additionally, the Appropriations Committees direct the Depart-

ment to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on the actions that have been taken to implement the recommendations of the Advisory Committee on Women Veterans 2006 Report. The Appropriations Committees further direct the Government Accountability Office (GAO) to report to the Committees on Appropriations of both Houses of Congress by September 1, 2008, an assessment of the adequacy of mental health services provided by the Departments of Veterans Affairs to women veterans.

Reprogrammings.—The Appropriations Committees would like to emphasize that reprogrammings permitted by this Act are to be transmitted to Congress in a timely manner.

Quarterly Financial Report.—The quarterly financial report required by this Act shall contain, at a minimum, both the planned and actual expenditure rates, unobligated balances, potential financial shortfalls, any transfers between major accounts (medical services, medical administration, and medical facilities), and status of any equipment or non-recurring maintenance funds—including whether they have been used to pay for operating expenses. In addition, the service portion of the report will contain, at a minimum, the time required for new patients to get their first appointment, the time required for established patients to get their next appointment, and the number of unique veterans and patients being served. Each report should address data for the system total and for each VISN. Further, the Appropriations Committees direct that the Department include progress reports on the revision of the International Classification of Diseases-9th Revision (ICD-9) codes with respect to Traumatic Brain Injury.

Contracting Out.—The Appropriations Committees note that the competition requirement provided in this Act already applies to the Department of Veterans Affairs. For any function performed by more than ten employees, the Department, like other agencies covered by this competition requirement, must conduct a public-private competition, involving both a Most Efficient Organization plan and a Minimum Cost Differential, before that function can be converted to contractor performance. Unless specifically excluded, the Department of Veterans Affairs would be held to any successor public-private competition requirements included in legislation, as well as 38 U.S.C. 8110(a)(5).

VETERANS BENEFITS ADMINISTRATION

COMPENSATION AND PENSIONS

(INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$41,236,322,000 for Compensation and Pensions as proposed by both the House and the Senate. Of the amount provided, not more than \$28,583,000 is to be transferred to General Operating Expenses and Medical Administration for reimbursement of necessary expenses in implementing provisions of title 38.

1955

READJUSTMENT BENEFITS

The amended bill appropriates \$3,300,289,000 for Readjustment Benefits as proposed by both the House and the Senate.

VETERANS INSURANCE AND INDEMNITIES

The amended bill appropriates \$41,250,000 for Veterans Insurance and Indemnities as proposed by both the House and the Senate.

VETERANS HOUSING BENEFIT PROGRAM FUND PROGRAM ACCOUNT

The amended bill appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund Program Account as proposed by both the House and the Senate. The amended bill limits obligations for direct loans to not more than \$500,000 and provides that \$154,562,000 shall be available for administrative expenses. The amended bill does not include a transfer provision as proposed by the House.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$71,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account as proposed by both the House and the Senate, plus \$311,000 to be transferred to and merged with General Operating Expenses. The amended bill provides for a direct loan limitation of \$3,287,000 as proposed by both the House and the Senate.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The amended bill appropriates \$628,000 for administrative expenses of the Native American Veteran Housing Loan Program Account as proposed by both the House and the Senate. The amended bill does not include a transfer provision or loan limitation as proposed by the House.

GUARANTEED TRANSITIONAL HOUSING LOANS FOR HOMELESS
VETERANS PROGRAM ACCOUNT

The amended bill provides up to \$750,000 of the funds available in General Operating Expenses and Medical Administration to carry out the Guaranteed Transitional Housing Loans for Homeless Veterans Program Account as proposed by both the House and the Senate.

VETERANS HEALTH ADMINISTRATION

Health Care Sharing Incentive Fund.—The amended bill includes language to allow a minimum of \$15,000,000, to be transferred to the Health Care Sharing Incentive Fund to facilitate collaboration between the Departments of Defense and Veterans Affairs. The Appropriations Committees agree the most important area for collaboration and investment between these departments is to ensure a seamless transition for our veterans. While the Appropriations

Committees do not intend to preclude the use of this fund for any joint project, the Committees strongly urge that priority for funding be given to the implementation of recommendations of the Report on the President's Commission on Care for America's Returning Wounded Warriors, July 2007. The Appropriations Committees further urge the Departments of Defense and Veterans Affairs to seek every opportunity to partner to improve the continuity of care for our veterans through joint clinics; joint Centers of Excellence for Post Traumatic Stress Disorder (PTSD) and Traumatic Brain Injury (TBI); joint research and/or treatment; and the development of joint clinical practice guidelines for polytrauma injury, traumatic brain injury (to include diagnostics), blast injury, mental health/PTSD, burn, and amputee patients based on evidence based medicine.

Traumatic Brain Injury (TBI).—Current data make it difficult for the Department to provide budget information on TBI as a Select Program. The Appropriations Committees are encouraged to learn the Department is working with the National Center for Health Statistics and the Department of Defense to refine current International Classification of Diseases-9th Revision (ICD-9) codes to better reflect the TBI patient population within the Departments of Defense and Veterans Affairs. The Department of Veterans Affairs is directed to include an update of progress on the revision of the ICD-9 codes for TBI within the quarterly reports provided to Congress during fiscal year 2008. The Department of Veterans Affairs is also directed to include TBI as a Select Program within the Medical Services account in the fiscal year 2009 budget submission and all future budget submissions thereafter.

Level I Polytrauma Centers and Centers of Excellence on Mental Health and Post Traumatic Stress Disorder (PTSD).—The Appropriations Committees agree that every effort must be made to ensure that the Level I polytrauma centers and the Centers of Excellence on Mental Health and PTSD are resourced to provide the very best in medical care to our veterans who have suffered multiple trauma injuries or require mental health services. The amended bill has increased funding within the Veterans Health Administration accounts to ensure that the current Level I polytrauma centers and the Centers of Excellence on Mental Health and PTSD will be fully staffed and operational in fiscal year 2008.

Credentialing and Privileging in Rural Health Care Facilities. The Appropriations Committees are concerned about potential quality of care issues that may exist in rural VA medical facilities, including the qualifications of medical professionals. The Appropriations Committees direct the Government Accountability Office to assess the standards that are being followed in rural VA hospitals, including the consistency with which VA standards are being applied across urban and rural facilities.

MEDICAL SERVICES

(INCLUDING TRANSFER OF FUNDS)

The amended bill appropriates \$29,104,220,000 for Medical Services, instead of \$29,031,400,000 as proposed by the House and \$28,979,220,000 as proposed by the Senate. Additionally, the Sen-

ate had proposed an additional \$125,000,000 in section 230 of the administrative provisions.

Of the amount provided, \$1,350,000,000 is available for obligation until September 30, 2009 as proposed by the Senate, instead of \$1,100,000,000 as proposed by the House. The Appropriations Committees also agree that the Department shall spend not less than \$2,900,000,000 for specialty mental health services as proposed by the House and not less than \$130,000,000 for the homeless grants and per diem program.

The amended bill includes a net increase of \$1,936,549,000 above the budget request in order to address shortfalls anticipated in the Department's projection of health care demand and to address the Department's failure to adjust the beneficiary travel reimbursement rate despite consistently rising gasoline prices. The funding provided includes a 5.5 percent increase for workload and a 4.45 percent increase for inflation which the Appropriations Committees believe is necessary to ensure that sufficient funding is available to maintain services at their current level. The amended bill also includes an additional \$125,000,000 to increase the beneficiary travel reimbursement mileage rate to 28.5 cents per mile; an additional \$70,000,000 for substance abuse services; an additional \$12,500,000 for expanded outpatient services for the blind; an additional \$15,000,000 for Vet Centers; and provides sufficient funding to allow for additional personnel for the HUD-Veterans Affairs Supportive Housing Program to address any increase in the number of vouchers offered and directs the Department to increase the number of case workers as necessary to accommodate the increase in vouchers.

Mental Health and Substance Abuse.—The Appropriations Committees are concerned mental health and substance abuse services were not sufficiently addressed within the fiscal year 2008 budget submission which includes a reduction in the number of inpatient beds for psychiatric care and an anticipated increase of less than one percent for substance abuse services. The Appropriations Committees believe these projections are unrealistic and have increased funding within the Medical Services account in order to increase access to substance abuse services; ensure that adequate inpatient psychiatric care is maintained; and to allow the Department to pursue all opportunities to improve access to mental health services for all veterans. To this end, the Department is directed to re-examine the policy for a reduction in psychiatric inpatient care, taking into account the needs of returning Operation Enduring Freedom and Operation Iraqi Freedom (OEF/OIF) veterans and the recommendations of OIG Report: Implementing VHA's Mental Health Strategic Plan Initiatives for Suicide Prevention, May 10, 2007, and is further directed to report to the Committees on Appropriations of both Houses of Congress by February 29, 2008, the findings of this review and what additional resources have been utilized to ensure that adequate inpatient care is available. Further, the Appropriations Committees direct the Department not to reduce the number of inpatient psychiatric beds at any facility that currently has a waiting list. Additionally, the Department is directed to report to the Committees on Appropriations of both Houses of Congress by February 1, 2008, on its plan to better utilize all opportu-

nities to improve access to mental health services for all veterans. This report should include, but not be limited to, the Department's plan to better utilize the services of the Community Mental Health Centers; implementation of peer training programs; additional fee-basis access to local mental health providers; mobile Vet Centers; and the development of Internet based services like the Network of Care for Mental Health recommended in the President's New Freedom Commission on Mental Health.

HIV/AIDS Among Veterans.—The Appropriations Committees concur with the Senate's recommendations on the VA health care system's HIV testing policy guidelines and direct the Department to submit a progress report to the Committees on Appropriations of both Houses of Congress by January 30, 2008.

Access to Medical Care in Remote Rural Areas.—The Appropriations Committees direct the Secretary of Veterans Affairs to report to the Committees on Appropriations of both Houses of Congress not later than six months after the date of the enactment of this Act, a description of: the unique challenges and costs faced by veterans in remote rural areas of contiguous and non-contiguous States when obtaining medical services from the Department of Veterans Affairs, and the need to improve access to locally administered care for veterans who reside in remote rural areas. The report should also identify the need to fund alternative sources of medical services in areas where facilities of the Department of Veterans Affairs are not accessible to veterans without leaving such areas; and in cases in which receipt of medical services by a veteran in a facility of the Department requires transportation of such veteran by air due to geographic and infrastructural constraints. The report should also contain an assessment of the potential for increasing local access to medical services for veterans in remote rural areas of contiguous and non-contiguous States through strategic partnerships with other government and local private health care providers.

MEDICAL ADMINISTRATION

The amended bill appropriates \$3,517,000,000 for Medical Administration, instead of \$3,510,600,000 as proposed by the House and \$3,642,000,000 as proposed by the Senate.

Office of Rural Health.—The Appropriations Committees agree the Office of Rural Health is vital to ensuring that equal access to health care is provided to all of our returning Reserve and National Guard veterans. While the amended bill does not earmark a specific amount for the office, the Appropriations Committees have provided sufficient funding within Medical Administration to ensure a robust Office of Rural Health. The Appropriations Committees strongly encourage the Department to make full use of this office and direct the Secretary to submit a report to the Committees on Appropriations of both Houses of Congress on the actions that have been taken to improve access to health in rural areas by February 1, 2008.

MEDICAL FACILITIES

The amended bill appropriates \$4,100,000,000 for Medical Facilities as proposed by the House, instead of \$4,092,000,000 as pro-

posed by the Senate. The amended bill also includes language allowing \$350,000,000 of the funds to be available until September 30, 2009, as proposed by the Senate, instead of \$250,000,000 as proposed by the House. The amended bill further specifies that \$325,000,000 for non-recurring maintenance shall be allocated in a manner not subject to the Veterans Equitable Resource Allocation model, instead of \$300,000,000 as proposed by the House and \$350,000,000 as proposed by the Senate. The Appropriations Committees are in agreement that the funding provided above the budget request shall be used to address both facility condition assessment deficiencies and other essential requirements.

Non-Recurring Maintenance.—The Appropriations Committees remain concerned that the Department is not adequately addressing specific issues regarding obligation of non-recurring maintenance (NRM) funds raised in a May 16, 2007, GAO report. The Appropriations Committees fully expect that by fiscal year 2009 the Department will be obligating not more than twenty percent of its annual allocation of NRM funds in the last two months of the fiscal year. By May 16, 2008, the Department shall submit to the Committees on Appropriations of both Houses of Congress a report outlining these management objectives and a business plan to reach that goal.

Community Based Outpatient Clinics.—The Appropriations Committees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a report on the actual number of Community Based Outpatient Clinics (CBOC) opened in fiscal year 2007 and the planned CBOC activations in fiscal year 2008. In addition, the Appropriations Committees further direct the Department to examine the need for, and report on the feasibility of and/or plans for clinics in the following locations: El Centro, California; rural Colorado; Brandon, Florida; Statesboro, Georgia; Belleville, Illinois; Moline, Illinois; Whiteside County, Illinois; Plymouth, Massachusetts; Dover-Foxcroft, Maine; Houlton, Maine; Lewiston-Auburn, Maine; Plattsburg, New York; Riverhead, New York; Southeastern Pennsylvania; Port Angeles, Washington; Wenatchee, Washington; Green Bay, Wisconsin; and Lynchburg, Virginia.

MEDICAL AND PROSTHETIC RESEARCH

The amended bill appropriates \$480,000,000 for Medical and Prosthetic Research as proposed by the House, instead of \$500,000,000 as proposed by the Senate.

NATIONAL CEMETERY ADMINISTRATION

The amended bill appropriates \$195,000,000 for the National Cemetery Administration, instead of \$170,000,000 as proposed by the House and \$217,709,000 as proposed by the Senate. Of the amount provided, \$20,000,000 is available until September 30, 2009, instead of \$7,800,000 as proposed by the House and \$25,000,000 as proposed by the Senate. The amount provided includes \$900,000 from the Information Technology Systems account which was erroneously transferred during the recent reorganization of information technology programs.

The Appropriations Committees have provided \$28,191,000 in additional funding for the National Cemetery Administration to correct gravesite deficiencies at VA's national cemeteries, including those identified in the 2002 Millennium Act report to Congress. These repairs include gravesite renovation projects to replace turf, repair sunken graves, and raise, realign and clean headstones.

DEPARTMENTAL ADMINISTRATION

GENERAL OPERATING EXPENSES

The amended bill appropriates \$1,605,000,000 for General Operating Expenses, instead of \$1,598,500,000 as proposed by the House and \$1,612,031,000 as proposed by the Senate. The amended bill provides not less than \$1,327,001,000 for the Veterans Benefits Administration, instead of \$1,324,957,000 as proposed by the House and \$1,329,044,000 as proposed by the Senate. Of the amount provided, \$75,000,000 is available for obligation until September 30, 2009, as proposed by both the House and the Senate.

The amended bill also provides for a limitation on the purchase of passenger motor vehicles for use in operation by the Veterans Benefits Administration in Manila, Philippines.

The amended bill does not include language as proposed by the House, which would have provided \$2,000,000 for the Advisory Committee on Women Veterans. This issue is addressed in the Departmental overview section of this explanatory statement.

Funding Increases.—The Appropriations Committees agree to provide an increase of \$133,163,000 for General Operating Expenses when compared to the President's budget request. The Appropriations Committees agree to provide \$124,219,000 for the hiring of additional claims processors. Based upon data provided by the Department to the Committees on Appropriations of both Houses of Congress in response to reporting requirements included in the report accompanying Public Law 110–28, the cost per new hire will enable the Department to hire more than 1,800 new claims processors with the funding provided. In addition, the Appropriations Committees have provided \$2,000,000 for the leasing of office space to house these new employees. As the Department experiences an increase in the number of claims being filed, as well as an increase in the number of appeals, both the Board of Veterans Appeals and the Office of General Counsel will require additional personnel to handle these appeals. Therefore, the Appropriations Committees have provided an increase of \$3,724,000 for the Board of Veterans Appeals and \$3,220,000 for the Office of General Counsel.

INFORMATION TECHNOLOGY SYSTEMS

The amended bill appropriates \$1,966,465,000 for Information Technology Systems, instead of \$1,859,217,000 as proposed by the House and \$1,898,000,000 as proposed by the Senate. The amended bill directs the Department to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress within 30 days of enactment as proposed by the House, instead of 60 days of enactment as proposed by the Senate.

The amount provided includes a reduction of \$1,100,000 which has been transferred to the Office of Inspector General. The Appropriations Committees have included an increase of \$39,683,000 for computers and other information technology needs associated with the increase in claims processors for the Veterans Benefits Administration and for increased staff in other offices related to claims processing. Additionally, the Appropriations Committees agree to provide \$8,000,000 for an insurance card buffer system and \$8,000,000 for the Veterans Health Administration Chief Logistics Office information technology support. Both of these program shortfalls were identified by the Department subsequent to completion of the House and Senate action on their respective appropriations bills. The Appropriations Committees have also included \$10,200,000 for the information technology costs associated with activation of new community based outpatient clinics, an expense that was underfunded in the budget submission.

On September 6, 2007, the Secretary of Veterans Affairs informed the Committees on Appropriations of both Houses of Congress of his intention to reorganize the information technology development functions within the Department of Veterans Affairs. The budget request for Information Technology Systems included a consolidation of all payroll-associated costs for operations and maintenance under the Information Technology account. The amended bill reflects this consolidation; however, the Appropriations Committees direct the VA to track payroll and non-pay costs separately in future budget submissions. In addition, to further the Department's consolidation objective, the Appropriations Committees have agreed to include an increase of \$42,465,000 to preclude the need to transfer funds from the General Operating Expenses, Medical Services, Medical Facilities, and Medical and Prosthetic Research accounts.

The Appropriations Committees are in agreement that the Department should take all steps necessary to ensure that the entire information technology reorganization has no negative impact on providing vital services to veterans, nor should it impede the ability of health care providers and researchers in carrying out their duties.

Electronic Medical Record.—The Appropriations Committees direct the Departments of Defense and Veterans Affairs to issue a joint report to the Committees on Appropriations of both Houses of Congress (subcommittees on Defense and Military Construction/Veterans Affairs) by April 1, 2008, detailing the actions being taken by each Department to achieve an interoperable electronic medical record (EMR) system. The report should include, but not be limited to, a detailed spending plan for the use of funding provided in the Joint Incentive Fund as well as identify all other ongoing and planned projects and programs within each Department addressing interoperability, including funding provided. The report should clearly identify the Departments' goals for interoperability and how these projects and programs will address those goals.

OFFICE OF INSPECTOR GENERAL

The amended bill appropriates \$80,500,000 for the Office of Inspector General, instead of \$76,500,000 as proposed by the House

and \$88,700,000 as proposed by the Senate. Of the amount provided, \$5,000,000 is available for obligation until September 30, 2009, instead of \$3,630,000 as proposed by both the House and the Senate.

The amended bill includes an additional \$7,901,000 above the budget request for the Office of Inspector General. The additional funding includes \$1,100,000 for information technology systems unique to the Office of Inspector General, as well as additional funding for new positions so that the Inspector General can expand and improve its independent oversight in critical areas, including transitional health care for veterans returning from the wars in Iraq and Afghanistan and Department of Veterans Affairs information technology programs.

CONSTRUCTION, MAJOR PROJECTS

The amended bill appropriates \$1,069,100,000 for Construction, Major Projects, instead of \$1,410,800,000 as proposed by the House and \$727,400,000 as proposed by the Senate. The amended bill includes a provision proposed by the House which places a limitation on the use of funds related to 18 facilities on the Capital Asset Realignment for Enhanced Services list requiring further study. The Senate bill contained no similar provision.

The Appropriations Committees are aware that the Department's budget request of \$40,285,000 for the Advanced Planning Fund will not be sufficient to address projects on Department's 5-Year Capital Plan for fiscal years 2009 through 2012. Therefore, the Appropriations Committees have included an additional \$9,200,000 in funding to begin the preliminary planning process to address identified construction needs.

Additionally, the Appropriations Committees agree to provide \$322,500,000 for allocation to previously appropriated major construction projects, including necessary cost adjustments. The Department is directed to provide the Committees on Appropriations of both Houses of Congress with a detailed list of how these funds will be allocated, within 60 days of enactment of this Act.

New Orleans Veterans Medical Center.—The Appropriations Committees direct the Secretary of Veterans Affairs to report to the Committees on Appropriations of both Houses of Congress not later than October 1 and April 1 of each year, on the current status of the reconstruction of the Department of Veterans Affairs Medical Center in New Orleans, Louisiana. Each report shall include the status of any ongoing environmental assessments, the status of any current construction, and an assessment of the adequacy of funding necessary to complete the reconstruction. If reconstruction of the Medical Center is subject to any major delay, the report shall include a description of each such delay, an explanation for each such delay, and a description of actions being taken or planned to address the delay. Additionally, within 60 days of enactment of this Act, the Department shall report to the Committees on Appropriations of both Houses of Congress as to whether the New Orleans Medical Center should be designated as a Level I polytrauma rehabilitation center or a polytrauma network site.

CONSTRUCTION, MINOR PROJECTS

The amended bill appropriates \$630,535,000 for Construction, Minor Projects, instead of \$615,000,000 as proposed by the House and \$751,398,000 as proposed by the Senate. The amended bill does not include a provision as proposed by the House, which would have established reprogramming procedures for this account. Of the amount provided, the Appropriations Committees agree that not less than \$75,000,000 shall be used for gravesite expansion and infrastructure improvements for the National Cemetery Administration and not less than \$8,000,000 shall be for minor construction for the Veterans Benefits Administration. In addition, the Appropriations Committees agree that the Department should begin an effort to modernize and upgrade research facilities. The Appropriations Committees are in agreement that the Department shall submit an expenditure plan to the Committees on Appropriations of both Houses of Congress which specifies how the Department intends to execute the funding provided by this amended bill.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The amended bill appropriates \$165,000,000 for Grants for Construction of State Extended Care Facilities as proposed by the House, instead of \$250,000,000 as proposed by the Senate.

GRANTS FOR CONSTRUCTION OF STATE VETERANS CEMETERIES

The amended bill appropriates \$39,500,000 for Grants for Construction of State Veterans Cemeteries, instead of \$37,000,000 as proposed by the House and \$100,000,000 as proposed by the Senate.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

The amended bill includes section 201 as proposed by both the House and the Senate allowing for transfers among various mandatory accounts. This provision is not extended beyond this Act as proposed by the Senate.

The amended bill includes section 202 as proposed by the Senate allowing for the transfer of funds among the three medical accounts for the purpose of perfecting the restructuring of the Veterans Health Administration accounts. The House bill contained no similar provision.

The amended bill includes section 203 as proposed by both the House and the Senate allowing for the use of salaries and expenses funds to be used for other authorized purposes.

The amended bill includes section 204 as proposed by both the House and the Senate restricting the use of funds for the acquisition of land.

The amended bill includes section 205 as proposed by both the House and the Senate limiting the use of funds in the Medical Services account to only entitled beneficiaries or unless reimbursement is made to the Department.

The amended bill includes section 206 as proposed by both the House and the Senate allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The amended bill includes section 207 as proposed by both the House and the Senate allowing for the use of appropriations available in this title to pay prior year obligations.

The amended bill includes section 208 as proposed by both the House and the Senate allowing funds for the administration of the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund.

The amended bill includes section 209 as proposed by both the House and the Senate allowing for the proceeds from enhanced-use leases to be obligated in the year in which the proceeds are received.

The amended bill includes section 210 as proposed by both the House and the Senate allowing for the use of funds in this title for salaries and other administrative expenses to be used to reimburse the Office of Resolution Management and the Office of Employment Discrimination Complaint Adjudication.

The amended bill includes section 211 as proposed by both the House and the Senate limiting the use of funds for any lease with an estimated annual rental of more than \$300,000 unless approved by the Committees on Appropriations of both Houses of Congress.

The amended bill includes section 212 as proposed by both the House and the Senate requiring the Secretary of the Department of Veterans Affairs to collect third-party payer information for persons treated for non-service connected disability.

The amended bill includes section 213 as proposed by both the House and the Senate allowing for the use of enhanced-use leasing

revenues for Construction, Major Projects and Construction, Minor Projects.

The amended bill includes section 214 as proposed by both the House and the Senate allowing for the use of Medical Services funds to be used for recreational facilities and funeral expenses.

The amended bill includes section 215 as proposed by both the House and the Senate allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services account.

The amended bill includes section 216 as proposed by both the House and the Senate which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations at no additional cost to the Department of Veterans Affairs or the Indian Health Service.

The amended bill includes section 217 as proposed by both the House and the Senate providing for the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The amended bill includes section 218 as proposed by both the House and the Senate prohibiting the expenditure of funds to replace the current system by which VISNs select and contract for diabetes monitoring supplies and equipment.

The amended bill includes section 219 as proposed by both the House and the Senate prohibiting the use of funds on any policy prohibiting the use of outreach or marketing to enroll new veterans.

The amended bill includes section 220 as proposed by both the House and the Senate requiring the Secretary to submit quarterly reports on the financial status and service level status of the Veterans Health Administration. The amended bill does not include additional reporting requirements as proposed by the House.

The amended bill includes section 221 as proposed by the Senate allowing for the transfer of funds from various accounts to the Information Technology Systems account to complete the restructuring of this appropriations account. The House bill contained no similar provision.

The amended bill includes section 222 as proposed by both the House and the Senate providing for transfer of funds among projects within the Information Technology Systems account.

The amended bill includes section 223 as proposed by the House allowing for the transfer of any prior year balances and/or credits in the Reinstated Entitlement Program for Survivors account to the Compensation and Pensions account.

The amended bill includes section 224 as proposed by the Senate prohibiting the disposal of the land at the West Los Angeles Veterans Affairs Medical Center. The House bill contained no similar provision.

The amended bill includes section 225 as proposed by the Senate maintaining funding for Gulf War Illness Research at levels not less than those made available in fiscal year 2007. The House bill contained no similar provision.

The amended bill includes section 226 as proposed by the Senate directing the Office of Inspector General (OIG) to establish and

maintain on the OIG Internet homepage a mechanism to allow for the anonymous reporting of fraud, waste and abuse. The House bill contained no similar provision.

The amended bill includes a modified section 227 as proposed by the Senate authorizing the transfer of not more than \$5,000,000 to the Secretary of Health and Human Services for a Graduate Psychology Education Program which directly benefits veterans. The House bill contained no similar provision.

The amended bill includes section 228 as proposed by the Senate prohibiting any funds to be used to contract out any function performed by more than ten employees without a fair competition process. The House bill contained no similar provision.

The amended bill includes section 229 as proposed by the Senate authorizing the lease of a major medical facility. The House bill contained no similar provision.

The amended bill includes section 230 rescinding funding from the Medical Services account in Public Law 110-28 and re-appropriating the funding to Construction, Major Projects to enable the Department to move forward with direction included in the emergency supplemental conference report.

The amended bill includes section 231 extending the effective date of section 1710 of title 38, United States Code which allows for the collection of co-payments for certain services.

The amended bill includes section 232 extending the effective date of section 1729 of title 38, United States Code which provides for third-party collections.

The amended bill includes section 233 allowing funds previously appropriated for hurricane cleanup to be used for replacing doors and windows and roof repairs on buildings at the Veterans Affairs hospital site in Gulfport, Mississippi.

The amended bill includes section 234 maintaining the State Approving Agencies funding at the fiscal year 2007 level.

The amended bill does not include a provision proposed by the Senate (section 221) which would have allowed for the transfer of funds from the General Operating Expenses, National Cemetery Administration, and Office of Inspector General accounts to the Medical Services account.

The amended bill does not include a provision proposed by the House (section 222) which would have required the Department to notify and receive Congressional approval prior to transferring funds in excess of \$1,000,000 between minor construction projects.

The amended bill does not include a provision proposed by the Senate (section 224) which would have provided additional direction on the obligation of non-recurring maintenance. This issue is instead addressed under Medical Facilities.

The amended bill includes section 235 designating \$3,691,391,000 as contingent emergency funding, available for obligation only after submission to the Congress of a formal budget request by the President.

The amended bill does not include a provision proposed by the Senate (section 229) which would have required a report on the Department of Veterans Affairs Medical Center in New Orleans, Louisiana. This issue is instead addressed under Construction, Major Projects.

The amended bill does not include a provision proposed by the Senate (section 230) which would have increased the Medical Services account by \$125,000,000 and reduced the Medical Administration account by \$125,000,000 for the Veterans Beneficiary Travel program. This issue is addressed under Medical Services.

The amended bill does not include a provision proposed by the Senate (section 231) which would have required a report on access to medical services for veterans in rural areas. The issue is instead addressed under Medical Services.

The amended bill does not include a provision proposed by the Senate (section 232) which would have prohibited rounding down the dollar amounts to the next whole dollar for benefit payments.

The amended bill does not include a provision proposed by the Senate (section 234) which would have named a clinic in Alpena, Michigan.

TITLE III—RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

SALARIES AND EXPENSES

The amended bill appropriates \$44,600,000 for Salaries and Expenses, instead of \$43,470,000 as proposed by the House and \$45,600,000 as proposed by the Senate.

The Appropriations Committees agree that the increase above the budget request shall be used for capital improvements and infrastructure modernization. The Appropriations Committees agree with the direction of the Senate that the Commission submit a report to the Committees on Appropriations of both Houses of Congress by February 29, 2008, detailing funding required to correct maintenance and infrastructure deficiencies at all cemeteries and memorials for which the Commission is responsible.

In fiscal year 2006, the Commission contracted for a study on ground erosion surrounding the World War II Pointe du Hoc Ranger Monument in France. The Appropriations Committees direct the Commission to submit a report to the Committees on Appropriations of both Houses of Congress outlining the conclusions of the ground erosion study and the steps the Commission will take to implement any study recommendations.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The amended bill appropriates \$11,000,000 for the Foreign Currency Fluctuations Account as proposed by both the House and the Senate.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS

SALARIES AND EXPENSES

The amended bill appropriates \$22,717,000 for the Salaries and Expenses account, instead of \$21,397,000 as proposed by the House and \$24,217,000 as proposed by the Senate. The amount provided includes \$1,210,000 for the pro bono program, instead of \$1,300,000 as proposed by the House and \$1,120,000 as proposed by the Senate.

The Appropriations Committees have agreed to provide additional resources for the Court in recognition of the probability that the Court's workload will increase as the Department of Veterans Affairs experiences a significant increase in disability claims being processed. The increase in funding will provide the Court with sufficient resources to hire two additional magistrate judges, three staff attorneys and clerical staff.

DEPARTMENT OF DEFENSE—CIVIL

CEMETERIAL EXPENSES, ARMY

SALARIES AND EXPENSES

The amended bill appropriates \$31,230,000 for Salaries and Expenses, instead of \$30,592,000 as proposed by the House and \$31,865,000 as proposed by the Senate. The amended bill includes a provision as proposed by the Senate which will allow funds to be provided to Arlington County, Virginia for expenses related to the relocation of the federally owned water main at Arlington National Cemetery. The House bill contained no similar provision.

The Appropriations Committees agree that the increase of \$4,338,000 above the budget request shall be used for the realignment of government-issued headstones, the construction of a heavy equipment storage facility, and costs not included in the budget request associated with the relocation of utilities at Arlington National Cemetery.

ARMED FORCES RETIREMENT HOME

TRUST FUNDS

The amended bill appropriates \$55,724,000 for the Armed Forces Retirement Home (AFRH) as proposed by both the House and the Senate.

The Appropriations Committees maintain an interest in how the principles of the Green House approach can be incorporated into the new AFRH Gulfport campus while meeting construction milestones, fully restoring services and providing pre-Katrina number of resident spaces. The Appropriations Committees direct the AFRH to submit a report to the Committees on Appropriations of both Houses of Congress no later than March 1, 2008, detailing the planned on-site services and how the agency could implement the principles of the Green House approach on the Gulfport campus.

GENERAL FUND PAYMENT

The amended bill appropriates \$800,000 as a General Fund Payment to the Armed Forces Retirement Home as proposed by the House, instead of \$5,900,000 as proposed by the Senate. The funding is to be used for a study of funding sources for the Trust Fund to determine the long-term viability of the Trust Fund and the potential need for a recurring General Fund Payment to the Trust Fund.

ADMINISTRATIVE PROVISION

The amended bill does not include an administrative provision as proposed by the Senate (Sec. 301) which would have prohibited the American Battle Monuments Commission from making a payment to the Capital Security Cost Sharing program.

TITLE IV—GENERAL PROVISIONS

The amended bill includes section 401 as proposed by both the House and the Senate prohibiting the obligation of funds in the Act beyond the current fiscal year unless expressly so provided.

The amended bill includes section 402 as proposed by both the House and the Senate requiring pay raises to be absorbed within the levels appropriated in the Act.

The amended bill includes section 403 as proposed by both the House and the Senate prohibiting the use of the funds in this Act for programs, projects or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The amended bill includes section 404 as proposed by both the House and the Senate prohibiting the use of funds in the Act to support or defeat legislation pending before Congress.

The amended bill includes section 405 as proposed by the Senate encouraging all Departments to expand their use of “E-Commerce”. The House bill contained a similar provision, but was more directive.

The amended bill includes section 406 as proposed by both the House and the Senate prohibiting the transfer of funds to any instrumentality of the United States Government without authority from an appropriations Act.

The amended bill includes section 407 as proposed by both the House and the Senate specifying the congressional committees that are to receive all reports and notifications.

The amended bill includes section 408 as proposed by the House directing the Congressional Budget Office to submit a report that projects the annual appropriations necessary for the Department of Veterans Affairs to continue providing health care to veterans. The Senate bill contained no similar provision.

The amended bill includes section 409 as proposed by both the House and the Senate prohibiting the use of funds in the Act for any action that is related to or promotes the expansion of the boundaries or size of the Pinon Canyon Maneuver Site, Colorado.

The amended bill includes section 410 as proposed by the Senate allowing the City of Aurora, Colorado to convey land to the United States to be used by the Department of Veterans Affairs for construction of a veterans’ medical facility. The House bill contained no similar provision.

The amended bill does not include a provision as proposed by the House (section 409) which would have prohibited the use of funds in this Act to purchase light bulbs unless they have the “ENERGY STAR” designation. The Senate bill contained no similar provision.

The amended bill does not include a provision as proposed by the Senate (section 408) which would have required the Government Accountability Office to assess mental health care services for fe-

male servicemembers and veterans. This issue is addressed under the Department of Veterans Affairs in this explanatory statement. The House bill contained no similar provision.

The amended bill does not include a provision, as proposed by the Senate (section 409) which would have prohibited the use of funds in the Act to enter into a contract or award a grant in an amount greater than \$5,000,000 unless the contractor or grantee certifies in writing that certain Federal requirements have been met. The House bill contained no similar provision.

The amended bill does not include a provision as proposed by the Senate (section 411) which would have appropriated \$100,000,000, designated as an emergency requirement, for security and related costs associated with the Democratic National Convention and the Republican National Convention. The House bill contained no similar provision.
